WHERE IT'S AT

MAYFAIR MALE 4

Well look what we've got here – people having sex, people wanting sex, a tasty sports car, a cool collection of women and quite possibly the worst cartoon ever to be printed in a best-selling men's magazine.

EXTREME SPORTS 12

Did you know that some people ski down immense sand dunes for enjoyment? They don't always come back in one piece either. But these two guys regularly do the dunes.

UMA THURMAN 14

It's not easy being a famous film star. If journalists aren't slagging off your acting ability, they're hounding your personal life and printing photos of you naked. Buggers.

VRROOOMM! 22

We went to the TT races on the Isle of Man and the GP races in Holland, just to bring you a full-throttle guide to hardcore motorcycle madness. And get shit-faced.

PORN STAR INTERVIEW 32

Like naïve owls we often grope about in search of answers to topics we know sod-all about. For instance, why do women want to be porn stars? If Sindee Coxx is anything to go by – they just like sex!

SCENE FROM MAYFAIR 40

Like Santa Claus we do all that we can to give you what you want and Scene is full of treats. Yet, unlike Santa, we won't reveal ourselves to be your parents, who for years have been lying about a fat laughing man.

CELEBRITY SIZZLERS 54

They're larger than life, they live it up from the moment they awake, but movie stars and us commoners have one thing in common – we've all got arses and genitalia!

FOLLOWING THE HERD 56

If your idea of sampling Greek culture is wolfing a kebab down the high street, you're missing out on the quintessential Greece experience – foreign birds with their knockers out! Phwoar, eh? Cor!

OBJECT OF DESIRE 64

Little did Mr and Mrs Ferrari know, but their bundle of joy would one day grow up to build very expensive sports cars, become a millionaire and then build a fast boat – and not just any old fast boat, neither…

NEXT MONTH 98

Have you ever heard of Elle Macpherson? She's very well known, you know. In fact, she's a superstar! And guess what. Yep, you've got it. Or at least, you *will* have…

GO ON, YOU KNOW YOU WANT TO...

You've told your mates, those down the pub, everyone at work but you're still not happy. Who else are you going to tell your filthy experiences to? Us of course!

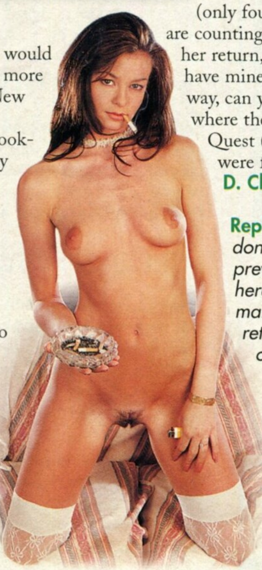
BILLABONKERS

I was wondering if you would be interested in some more pics and specs of this New Zealand built 'Beattie' sports car. It is a Lola look-a-like and is powered by a 2 litre twin cam and can easily reach 150mph. It is taking the N2 classic racing scene to the cleaners and got the thumbs up from Stirling Moss during his recent visit to this country.

Bruce, New Zealand

Reply: *You've a fine car and a lovely little Sheila, Bruce, so we'll certainly print the pic. Just one question, though – what the fuck are you on about?*

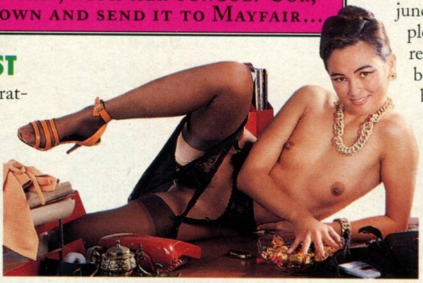


QUEST REQUEST

I would like to congratulate you on the simply stunning photoset featuring Janie Jenner. What a sensual and elegant lady, and unlike so many other celebrity features which just tease, Janie was prepared to show us all her charms. My only complaint was that the feature was so short (only four pages). If you are counting votes for her return, then you have mine. By the way, can you tell me where the sets used in Quest (Vol 32 No 7) were first published?

D. Clarke, Kent

Reply: *What!?! We don't rip you off with previously run sets here at Mayfair, mate! The sexy secretary in Quest was called Madeline and the pics were taken by Joanie Allum. They are exclusive to us, and have never before been published anywhere in the world. So there.*



MARKING BAD!

Having bewailed the fact that there were no centre page spreads of Monika in his letter to you a few issues back, my arsewhile companion Mr Peggo-Hyde was beside himself with ghee when he witnessed her voluptuous form spread-eagled on the centre pages of Volume 32 No 7.

Needless to say, he ascended quickly from the depths of his slumbering brown study, declaring himself a prophet and visionary. Throwing philosophic irresolution aside, he felt confounded, but happy and lost in wonder, love and praise at being re-acquainted, at short notice, with his paper paramour. Raising himself to twice his height and nodding frantically like the proverbial pilgrim at the Wailing Wall, he exuded syrupy and profuse tears on her form, in abeyance, from his single eye, in loving recognition, as though he was about to ejaculate – 'O my prophetic soul. A day without Monika would be a day without porpoise.' At such a critical juncture, and lest he be completely overcome, he had to be restrained, straitjacketed and bound and consigned to the bottomless pit for a time, times and half a time.

Al, Edinburgh

Reply: *And low, it did come to pass, that the fleshy clefts of one Edinburgh arse did shaketh, and through the brown bearded mouth words did pour. Amen.*

"WHAT A SENSUAL AND ELEGANT LADY"

SING A SONG OF SEXPENCE

Recently I went to our local pub, where on that night the landlord had organised a karaoke night. As I browsed through the list of songs, a pretty young woman sat next to me, introduced herself as Lesley and asked if I was going to sing a song. I declined the offer, telling her I had a terrible voice, but through sheer persistence (and because she was so pretty) she eventually convinced me to sing 'Whatever You Want' by Status Quo [Jeezus, she must have had a way with words –SubEd]. When my spot was over, she complemented me on having the guts to go on stage and as a 'reward' took me out for a drive.

We were getting on famously and, after going for about six miles we pulled over in a lay-by. With Lesley still commenting on my performance she started to feel me up and, quite out of the blue, began to tug my cock out of my trousers. As I looked on, pleasantly surprised, Lesley lowered her mouth around my stiffened member and sucked on the tip.

I undid my seat-belt whilst Lesley took my entire shaft into her throat and she sucked for a good ten minutes before asking me if we should go into the back of the car. Sliding into the back seats, we slowly undressed while tenderly caressing each other, Lesley opening

her legs to show me her shaved pussy. Inviting me to tongue her slit, I resisted temptation and licked at her nipples, gently arousing her teats so they stood out like bullets. Sensing she was highly sexed up, and eager to get a mouthful of her fanny, I went down between her legs and tentatively flicked my tongue across her damp vagina. Lesley held my head down, showing her appreciation of my tongue-work by juicing into my mouth. I continued to kiss and lick at her lips, pushing my fingers inside her pussy hole which made my hot cock swell up even more. I wanted to fuck her, and within the confines of the car the only way I could really shoot my load was to bang her arse while she lay on her side.

Lesley got into the position and groped around to find my hard nob. I eased it up into her bum and began a gentle rhythm, trying to open her arsehole more so that the full length of my dick could get inside. As we bucked around on the back seat, Lesley told me she wanted it outside, over the bonnet of the car. I wasn't too sure about this, thinking someone might spot us (not to mention it being a bit cold outside), but seeing as it was a quiet country road, we took our chances. So there she was, bent over the bonnet with her legs parted, waiting for my cock to fuck her hard. The air was chilly and I felt my balls tighten as I thrust in and out of Lesley's snatch. She was hot on the inside and I felt the warmth against my length as I slid in and out, but as the night grew colder we ended up back in the car where, once again, I put my cock in her mouth. After she'd sucked and swallowed my semen we both sat back for five minutes before dressing. It seemed odd that a song title like 'Whatever You Want' and Lesley and I fucking could be connected somehow. I was glad I didn't pick 'Down Down.' Heaven only knows what that would have led to.

Simon, Bedfordshire

Reply: *And we thought Karaoke was all about getting pissed and rasping 'New York, New York' in some 'fun' pub. Obviously things have changed since our last visit. Start spreading the news…*

RED HOT
LETTER OF THE MONTH

TOY STORY

I tend to be the butt of a fair few jokes because of my job. I'm a salesman specialising in toys. I'm happy to put up with all the piss-taking, though, for two reasons. The job pays well and secondly there are some very interesting bonuses to be had. This last week has provided me with my best incentive yet.

I was due to go to Wales and so rang a few of my bigger customers to tell them I'd be calling. One of the best, Jean, said she would be on holiday. But she asked me to call at her toy shop so I could meet her new assistant, Katie, and also leave samples of a new product I was flogging. I was more than pleased to meet Katie. She was just my type – short, dark hair, great big tits and a well-rounded figure. She couldn't have been more than 21 and seemed a bit nervous when I first arrived, but I played the clown and she loosened up a lot in the half hour I was there. In fact, as I was getting ready to leave, Katie proved she wasn't such a shy little thing after all.

When I told her I was staying at a hotel in the area for a night, she suggested we meet for dinner to carry on our business discussions. Dinner went well enough and consisted of a couple of bottles of red wine, and we carried on afterwards in the hotel bar which was where Katie really flirted with me. I realised I was onto a winner. Katie was giggling and when I asked what was wrong she gave me a wicked grin. The scene was set and minutes later we were in my hotel room.

We got stuck into a full-on snog and I loved the feeling of her large 40 inch tits pressing into me. I was grabbing handfuls

So, Alison, what's it like working with the youth of today?

It can be a pain at times. You have to organise different activities for loads of youngsters – and I don't even like kids! I'm still not used to the early morning starts either. I'd rather stay in bed all day if I had my way…

Now there's a pleasant thought. What wakes you up, then?

A good long shower and plenty of coffee usually does the trick, but I never wake up properly until later. I'm definitely a night-time girl.

Yeah, we can tell by the glint in your eye.

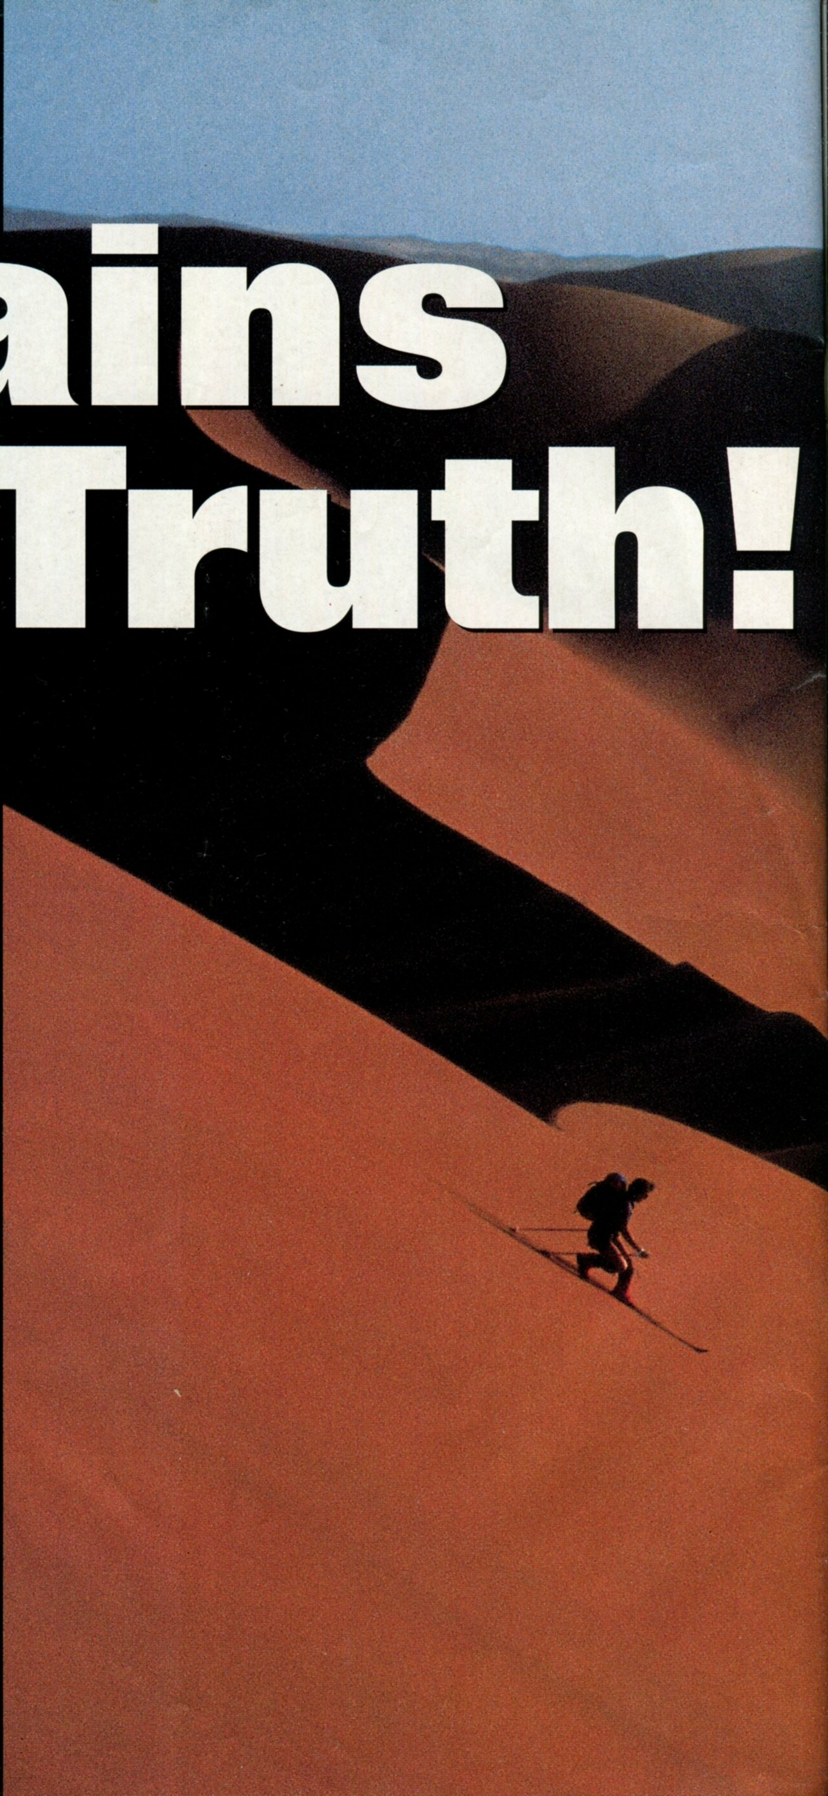
No, I don't mean like that. I just think we should get up when we want to and work when we want to.

Sounds like laziness to us.

It would be great. No early morning starts, many late nights. Spending lots of time in bed: that's the way forward if you ask me!

Grains Of Truth!

YOU'RE ON THE VERGE OF DE-HYDRATION, YOUR SKIN IS BLISTERED AND YOU'RE STANDING ON ONE OF THE LARGEST SAND DUNES IN THE WORLD. IT'S ALL DOWNHILL FROM HERE...



Sand gets everywhere. Between your toes, in your sandwiches, in that little latch on the boot clamp of your ski. Yes, that's right, we said ski, as in skiing on the normal terrain of snow. You see, just like some people feel the need to walk on hot coals, there are those who aren't content with skiing on nice soft snowflakes, preferring to pelt down peaks of sand instead. Not just over a few dunes at Bognor either, but mighty grit ridges big enough to put the fear of God into any mortal man. One of the largest sand mountains for extreme skiers to tackle is Namibia's Deadpan Dune, and it's no laughing matter. Getting there requires dogged determination alone, being forced to hike across barren, sun-baked desert in order to climb the 45° summit face before... skiing back down! Jess Stock and Vaila MacDonald were two extremists who made this very journey and survived to tell the tale. Of course, it helped that they were both veteran skiers (Vaila being an Ex World Champ at this sort of lunacy) but the trek still proved a serious test of endurance. The terrain varied from firm sand to calf-draining soft powder, and after a five hour slog to reach the top of Deadpan, they quickly skied back down again. The point? To test your own limits, supposedly, to get out in the sun, to do something less boring than watching telly. Mad as hatters, but happy as sandboys.

5 THINGS YOU NEVER KNEW ABOUT UMA...

1 Her name means 'Goddess Of Love' in Nepalese (but in Mayfair lingo it means 'She Who Is Well Worth Knobbing').
2 Uma was briefly married to moody British actor Gary Oldman, but split due to his (alleged) heavy drinking, not gobbing – well he did play Sid Vicious, didn't he?
3 She is also rumoured to have snogged Mick (old-enough-to-be-her-father) Jagger. Urgh!
4 At just half an inch below six foot, Uma is one of the tallest stars in Hollywood. And as our pics prove, she's big up top, too!
5 Sadly, Uma is now in a 'steady relationship' with actor Timothy Hutton – but we can still dream!

LIFE'S A BEACH AND THEN YOU... JUST HAPPEN TO BUMP INTO UMA THURMAN SWINGING HER HIPS TOWARDS YOU ACROSS THE HOT SAND. WITH NO TOP ON. AND THEN YOU DIE!

It doesn't take a shot of pure adrenaline in the chest to get our hearts a pumpin' when it comes to tasty *Pulp Fiction* star Uma Thurman. We've been huge fans of the six foot tall sex bomb ever since she took her top off for the first time in *Dangerous Liaisons*. These days this red hot babe is taking Hollywood by storm as the foxy femme fatale 'Poison Ivy' in the blockbuster *Batman And Robin*, where she understandably plays havoc with the Caped Crusader's batpole. And we bet that even the normally unflappable John Steed will have to place his bowler hat in his lap when he sees Uma all togged up in leather gear for her role as Emma Peel in the upcoming *Avengers* movie. Ooh, just the thought of it is Purdy arousing!

Never a very shy girl, Uma took it all off on a recent trip to the paradise island of St. Barts, where our sneaky photographer whipped out his long lens and preserved her topless sunbath for posterity. Uma's legs may start at her neck, but we reckon her breasts deserve equal attention too, don't you? Ker-pow, what a knock-out!

Having fun being a waitress, Brianna?
Not really. I've had enough of fetching plates and washing dishes to be honest. It's hard work, nobody thanks you and you're on your feet all day.

Ahh, it can't be all bad. What about the blokes who chat you up?
I get a lot of men making passes at me but it's more of a hassle than a compliment. It must be the waitress uniform I wear that gets them going. But just because I'm serving drinks, doesn't mean I want to jump into bed with any man going!

You must make a fortune in tips, though. We'd pay loads just to have you give us a sandwich.

I'll bet you would! I wouldn't mind waitressing if the customers would say 'thanks' once in a while, but hardly anybody has any manners these days. They treat waitresses like slaves.

Yeah, we know. Actually, could you put the kettle on for us?

Hey, I'm not working at the moment – but you are! One tea for me, please…

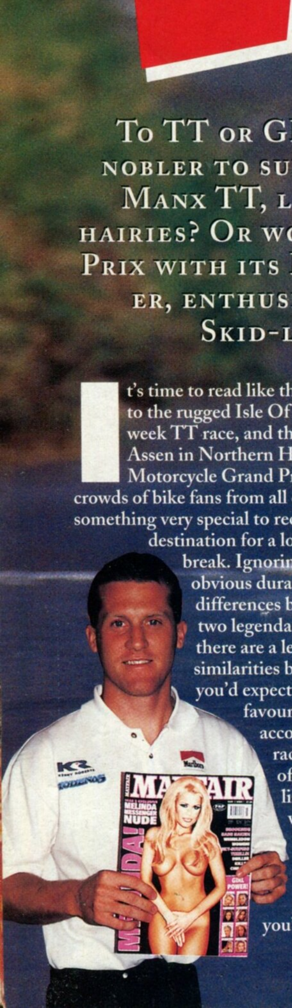
Alright, how do you take it?

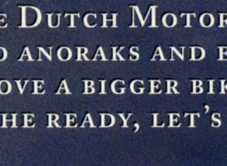
Like my men. Hot, steamy and with a couple of Hob-nobs!

Vrroo

To TT or GP? That is the question! Is it not nobler to suffer the slings and arrows of the Manx TT, letting it all hang-out with the hairies? Or would the Dutch Motorcycle Grand Prix with its Day-Glo anoraks and enthusiastic, er, enthusiasts prove a bigger biking buzz? Skid-lids at the ready, let's ride!

It's time to read like the wind, as we whisk you away to the rugged Isle Of Man for an exhausting two-week TT race, and then onto the little town of Assen in Northern Holland, home of the Dutch Motorcycle Grand Prix. Both events pull huge crowds of bike fans from all over the world, and each has something very special to recommend it as a shit-hot destination for a long weekend or summer break. Ignoring the obvious duration differences between these two legendary bikefests, there are a legion of similarities between the two as you'd expect: camping is the favoured mode of accommodation; apart from the races themselves the main form of entertainment involves listening to Metallica tapes while consuming river-loads of lager; and there are very few women who won't beat the shit out of you just for looking at them. Not that you'd want to, mind…





Obviously, it helps to have at least a passing interest in motorbikes in order to attend but, as we discovered, almost complete ignorance of the sport is by no means a hindrance to getting down and having a bloody good time.

The various races and practice sessions in both the TT and GP attract gigantic numbers of spectators, and the build-up to the actual finals in the different bike categories is truly something to behold. The atmosphere is electrifying, and with so many different riders, manufacturers and sponsors involved in the one event, you won't find any crowd trouble involving rival fans.

Oh, there's likely to be the odd pissed-up scuffle between a couple of the more inebriated attendees, but this provides a welcome distraction for those waiting for the next pack of riders to come whizzing round the bend.

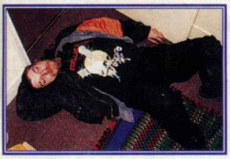
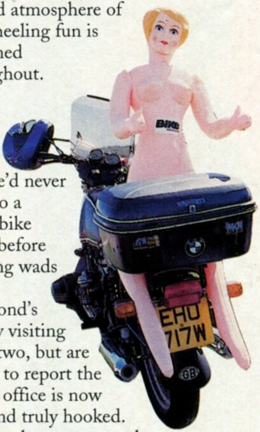
If you can image Glastonbury but with bikers in place of hippies and races instead of rock bands, you'll have some idea what these events are all about. And although the vast majority of those in attendance ensure they're fit and ready at race times, staking out a cool spot at the trackside, there are still a goodly number of those who take the party aspects of the events to excess and wind up missing most of the action – or worse.



For sure, there are plenty of hedonistic opportunities awaiting those with the inclination to pursue them, and in all fairness it is these subsidiary activities that keep the punters coming back for more. Many of the hotel rooms and guest houses in both Holland and on the Isle Of Man, for example, are fully booked-up way into the next millennium around the time that the events take place. And looking at it as an outsider, it isn't hard to see why these gatherings of the clans are just so perennially popular…

Away from the campsites the pubs, clubs, bars and discos do a roaring trade, catering for mind-boggling numbers of eager race goers intent on ringing every last drop of enjoyment out of their evenings. And meanwhile, back at the camp, it sure ain't no picnic either! Sound systems and portable PAs pound out infectious metal rhythms (well, Metallica) into the small hours, while those sites that do allow camp fires turn into spectacular scenes straight out of a *Mad Max* film.

Colossal wheelies are pulled all night long (although no decent birds ever are), gallons of grog are gulped down, and hog roasts are the order (and odour!) of the day and night. And despite the alcohol fuelled, testosterone driven nature of the proceedings, a relaxed atmosphere of freewheeling fun is sustained throughout.



We'd never been to a motorbike event before blowing wads of Mr Raymond's money visiting these two, but are happy to report the whole office is now well and truly hooked. Roll on the next one, where we may even have a go at *riding a bike!*

And finally, a word from our sponsors: Smoke Marlboro fags – they're brill! And take your bird to the Isle Of Man for a holiday – travelling aboard the Steam Packet catamaran of course. She'll love you for it, and might even let you see her… in the nuddy!

RIPPING UPPERS

WHAT'S HOT ABOUT IT...

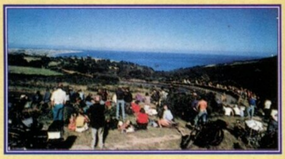
HOLLAND

The purpose-built race track allows you to see far more of the racing action than at a road race such as the Isle Of Man, and the event is so well organised that getting there and sorting out your shit is made as easy as can be. It also benefits from being situated in probably THE most liberal country in the world, where you won't get banged-up for blowing weed or, if the mood takes you, banging away with a lady of the night (just make sure you don't bang her up – always wear a condom. Well, during sex, obviously.)

DUTCH TT ASSEN

ISLE OF MAN

The races take place on real island roads which are shut to traffic during the events, and as such offer plenty more opportunities for thrills (and spills), and the two-week duration of the event means that you can be more flexible about your travel arrangements. The TT races are also vastly bigger than the Grand Prix, offering a wider choice of accommodation and entertainment possibilities.



DOPEY DOWNERS

...AND WHAT'S NOT!

HOLLAND

It's a fuck of a long way to go just to see a bike race and, as such, means it's much more expensive. Also, it only really lasts three days so doesn't have the same kind of appeal for those planning to spend their holidays at a biking event. Oh yeah, and the roving packs of bad-haired German bikers can be a right pain in the tits.

ISLE OF MAN

Being the seat of all Freemasonry and boasting its very own, tailor-made judicial system, you'll think that merely ripping out a loud fart might get you busted – they're that straight! Sniffer dogs are not only used to seek out people's pot at the ports, but they even take the canine coppers to the campsites to turn over any evil tokers brave (or stupid) enough to be imbibing in the privacy of their own canvas! Oh yeah, and the roving packs of bad-haired German bikers are a right pain in the tits here as well.

GETTING THERE

DAD? DAD! ARE WE THERE YET, DAD?

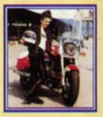
HOLLAND

Cheaply: Buy a bus-boat-bus ticket from your home town directly to Assen (you might have to change buses at the Hague or in Amsterdam)

Comfortably: Take a flight from your nearest airport direct to Amsterdam, and either hire a car to drive onwards (about 120m), or catch a connecting flight to the town of Zwollë and make your way from there.

ISLE OF MAN

Cheaply AND comfortably: Get yourself to Liverpool, then take the new Steam Packet catamaran from there. It only takes a couple of hours, there's a great bar on board, and they even have those mega £500 jackpot fruit machines. Which we lost twenty quid in. Bastards! For more info on bookings to the Isle Of Man, Ireland, and elsewhere call The Steam Packet company on: 01624 661 661.

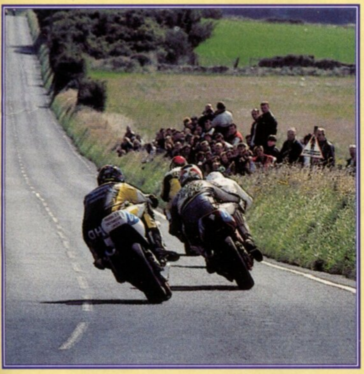


WHATEVER NEXT?

OTHER THINGS TO DO WHILE YOU'RE THERE

HOLLAND

For the duration of the Grand Prix the small, typically Dutch town of Assen miraculously re-invents itself as a throbbing hub of night-time high-life. Many of the streets are blocked to traffic, and impromptu bars and bistros are set up in tents and on trestle tables throughout the town centre, offering the standard fare of beer, chips and ropy Metallica tapes. Each evening, thousands of bikers congregate in the centre where local bands and mobile discos keep the lively crowd entertained with a broad mix of music (well, as broad as Metallica). There's also an excellent and easy-to-find 'coffee shop' in the town which dispenses remarkably potent herbal concoctions (or so we're told). Outside of the town centre itself, however, there isn't a exactly a lot to either do or see – unless absurdly flat fields, tulips, and the odd windmill grabs your fancy…



ISLE OF MAN

Wow, where to start? The Island itself remains one of the more popular holiday destinations in the UK for obvious reasons; good beaches, great accommodation, friendly locals (except the old bill, obviously) and pretty cool night-life to boot. For the duration of the TT, every night is party night and the promenade in the main town of Douglas simply has to be seen to be believed! The boisterous bikers play 'cat-and-mouse' with the cops until the small hours, blasting through the police cordon in ones and twos and pulling off as many doughnuts and monster wheelies as they can before the long arm of the law feels their collars. Once caught, it generally means a 24-hour spell in the cells plus a fine – but that's obviously a small price to pay for the frenzied adulation afforded them by the heaving masses! In addition, there are stunt shows, live bands, fun fairs and all manner of events geared towards entertaining the throngs. Cool!

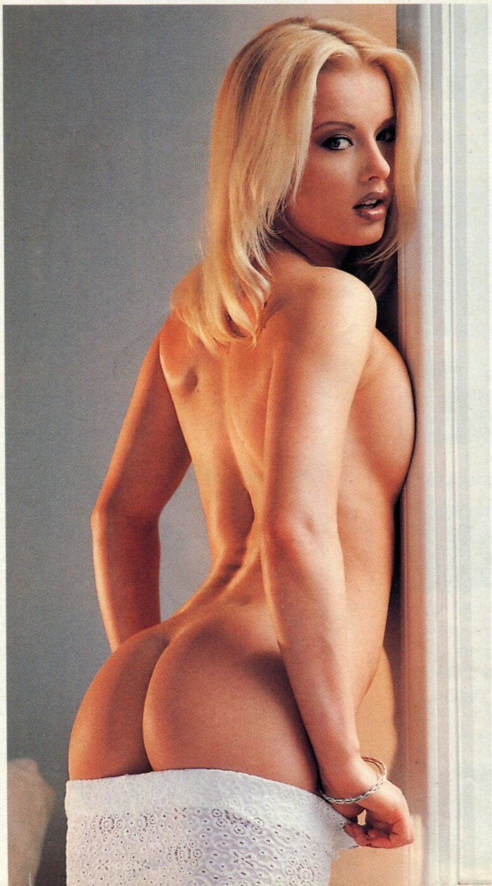
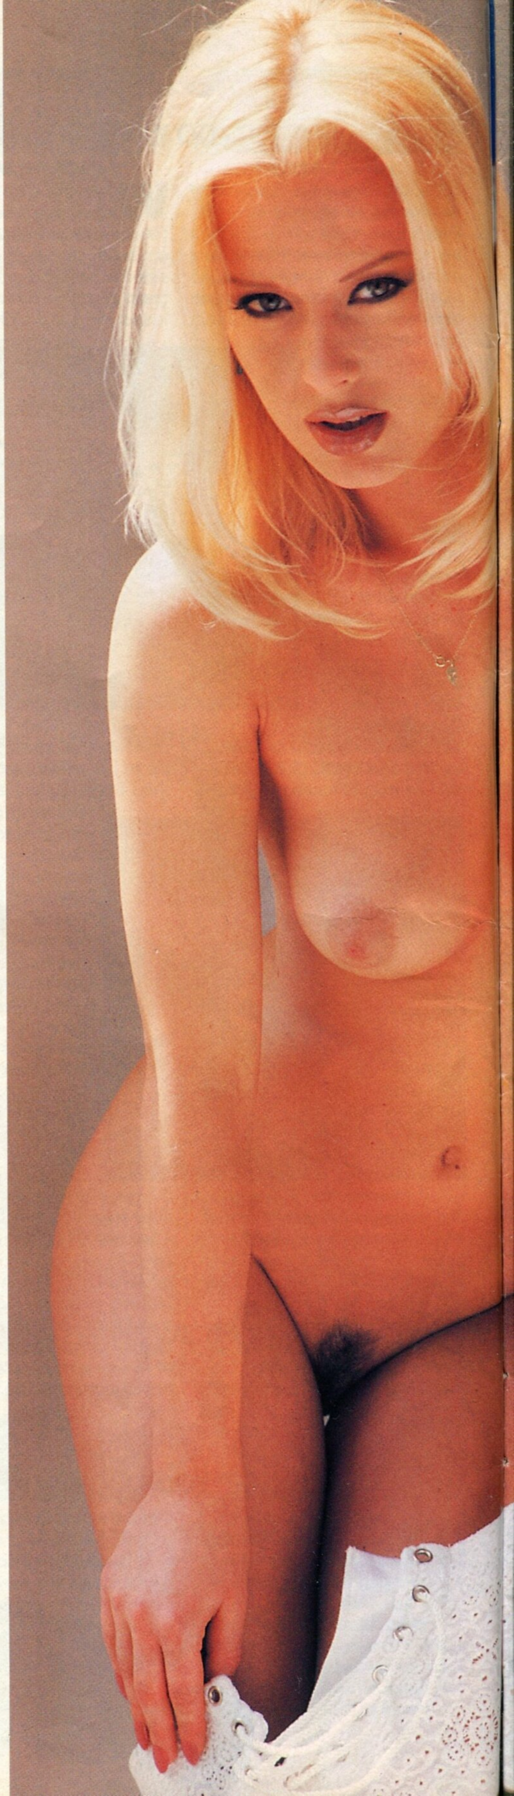
June, you're beautiful. In fact, will you marry us?

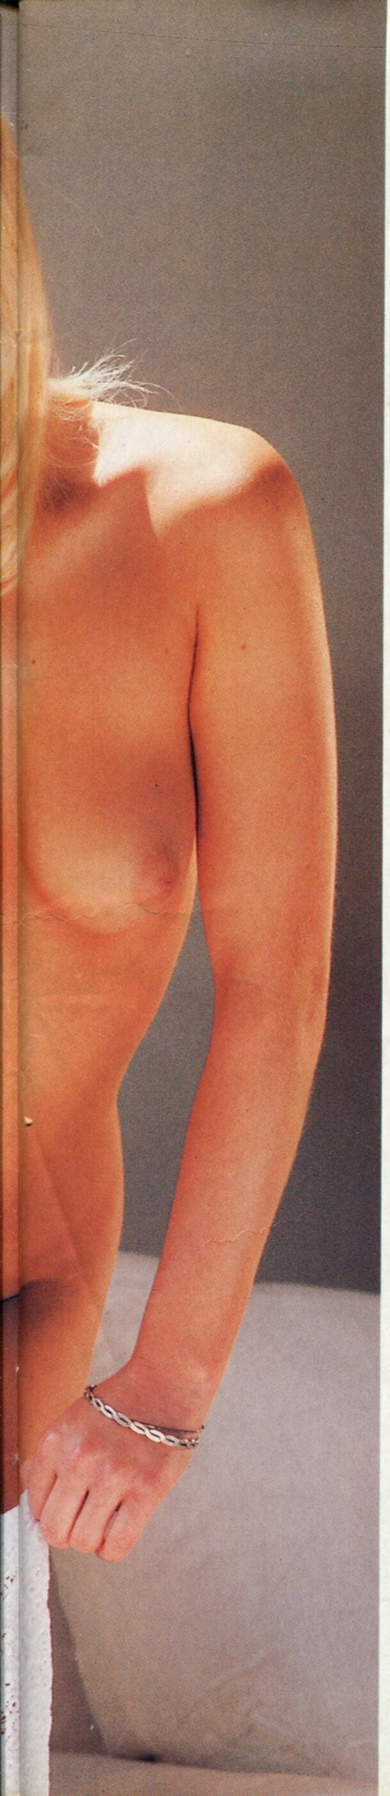
Oh how sweet. Well if you want me for a bride, you'd better propose properly. Will you go down on one knee for me?

You betcha! We'll go down any way you want!

I'm not sure. I'd want to go on a nice honeymoon – somewhere tropical, with a big hotel and hundreds of wedding presents. Did I mention a diamond ring? I'd want one of those too.







Erm, how about a trip to Bogner and a collection of pans?
Pans? I see, you want me stuck in the kitchen, is that it? And there was me thinking you boys were modern. Shame, shame, and I was going to give you one hell of a wedding night to remember.

Damn! What if we do all the housework, all the shopping and always clean out the bath?
No, it's too late now. You've just let me slip right through your fingers. Better luck next time!

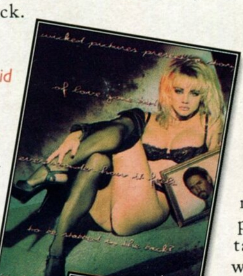
How did you get into the adult industry?

I was a bar dancer and watched a lot of videos at the time. I saw some beautiful women having sex on TV, and the more I thought, the more I decided I could do it too. So I went to the CES (Consumer Electronic Show) in 1994, made some connections and the rest, as they say, is history…

What was your first film?

The first video I did was a feature for *Video Newcomers No 12,* and I did a girl/girl with Montana. It was weird having sex with someone I had just met in front of six guys I had also just met. I was very nervous, but at the same time found it easy, almost like second nature. Right before the Director said 'action' I remember telling myself, "Sindee, this is it – there's no turning back. Just go for it!" So I did.



Adam & Eve's
HOUSE PARTY 2

You can achieve a 'liquid orgasm', which is pretty special for a woman. When did you first squirt?

The first time I squirted was with T.T Boy and I didn't know what happened. We were in a standing position and he withdrew from me and I felt warm liquid run down my leg. I thought he came in me or something. It was clear and all the other girls told me I squirted, so I was like, wow!

What do you like most about making adult films?

What I enjoy most about making erotic movies is simple: I love the sex and I love knowing that people are getting off on me getting off. It's fun to have sex with different people in a safe environment and I also love the support from the industry; it's allowed me to use my talents in both singing and script-writing, which I'm really proud of.

What were you like before you got into porn?

Before I did porn, I led a very 'normal' life. I wasn't very sexually adventurous or comfortable with myself. But I have changed now and made a 180 degree turnaround from my former self.

What sex positions do you like most?

My favourite sex positions are: me on top; me lying flat on my belly – legs together – guy on top of me; having my legs pinned over my head; one leg over a guy's shoulder on my side, and standing with a guy behind me. Basically, anything that gets his cock deep inside me and leaves one free hand to pinch my nipples or use in other, only slightly more subtle ways!

> “ WHEN I'M **COMING**, I PULL MY PARTNER **DEEP INSIDE** AND **SQUEEZE** WITH MY **PUSSY** ”

What's the best way to get you off?

The things that really make me cum are fingers in my pussy while my nipples are being pinched; fingers in my ass while my pussy is being fucked; talking dirty to me while fucking my ass and making me swallow a hot load of cum.

Do you use sex toys a lot?

I have a mini-massager I like to use on my clit when I'm doing anal. I sometimes use it with a dildo in my pussy. If I had enough hands I would probably try to use it on my clit while I double-penetrated myself.

Do you have a special man?

I have a boyfriend I am very much in love with. He's a photographer in the adult business, which is how we met. It's the classic 'model/photographer' syndrome [How come there's no classic 'model/SubEditor' syndrome? -SubEd]. He fully supports my career, unlike my ex-husband who made me feel like shit. One of the things I've never done on video is take a guy's dick up my ass. I asked my boyfriend to do my first anal with me. This way I'm comfortable and can do a real good job and relax to get my ass pounded! I am willing to try anything with my boyfriend. I love to be fucked anywhere.

SINDEE COXX
SEX MACHINE

Is there anything else you haven't done on film just yet?

I've never quite done a double-penetration, but I am very much looking forward to it! I can't wait to be sandwiched between two guys and feel each one cum in me – or *over* me!

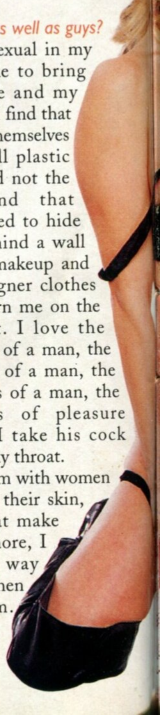
> “ I LIKE MY **FINGERS** IN MY **PUSSY** WHILE MY **NIPPLES** ARE BEING **PINCHED** ”

Do you like to masturbate?

I only do it when it's necessary – when my boyfriend's working a lot and I'm working a lot and we can't get together – and I start thinking about really romantic things. When I really get into it, I switch over to thinking about rough things and then I bring out my sex toys.

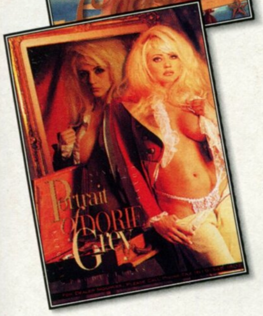
Are you into girls as well as guys?

I am definitely bisexual in my personal life. I like to bring girls home for me and my boyfriend to share. I find that girls who are just themselves – not all plastic and not the kind that need to hide behind a wall of makeup and designer clothes – turn me on the most. I love the smell of a man, the touch of a man, the thrusts of a man, the groans of pleasure when I take his cock down my throat. When I'm with women it's the softness of their skin, their soft lips, that make me hot. What's more, I really adore the way their legs quiver when I make them cum. And I do that a lot!



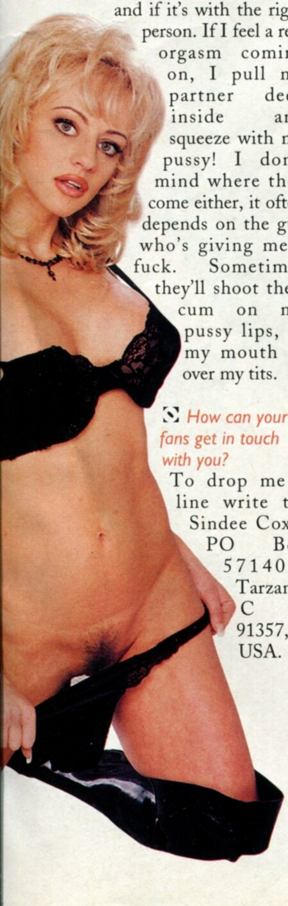
XX!

I fly em!
Cockpit



Do you have real orgasms on video, or do you fake it?

I have real orgasms if it feels good and if it's with the right person. If I feel a real orgasm coming on, I pull my partner deep inside and squeeze with my pussy! I don't mind where they come either, it often depends on the guy who's giving me a fuck. Sometimes they'll shoot their cum on my pussy lips, in my mouth or over my tits.



How can your fans get in touch with you?

Olympic Gymnast!

A glamour model *and* a gymnast! You've got to be the ultimate babe!

Thank you. This is the first time I have tried modelling. It's a little different to gymnastics but you still have to be very fit and agile.

We can tell that! So which do you prefer, competing against gymnasts or other glamour models?

Doing this is far more relaxing, there's very little stress. For a competition you have to train very, very hard. I don't suppose I'll win any medals for doing this though.

What's been the highlight of your gymnastic career?

The biggest thrill was winning a silver medal at the Barcelona Olympics. I put so much effort into that performance and was so pleased when they announced the final standings. I cried with joy.

You're definitely a winner with us! Are you modelling full-time?

I think I'm getting a bit too old for gymnastics, so I need a new career – and this suits me fine! Ⓜ

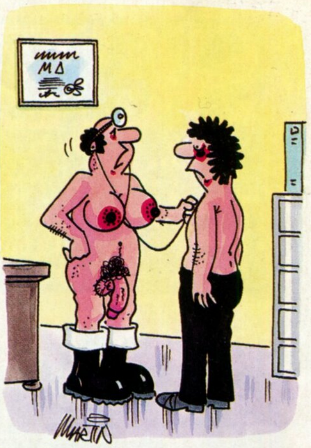
of her big fleshy arse and Katie was stroking my bulging cock. I stripped as quick as I could and lay back on the bed sporting a raging boner and Katie began easing out of her skirt and jumper, and if there's one thing I love it's watching girls strip. Katie was a real tease, lingering about for ages in just her bra and panties. Finally her massive boobs burst free and she joined me on the bed. Turning her onto her back, I clamped my mouth around her tits, sucking and licking each one in turn over and over. She had very big, round nipples which proved sensitive to my licking and stood out like buttons. I eased a hand inside her panties and found she was already dripping wet. My finger poked her and she squirmed beneath me as I worked it around and jabbed in a second digit.

Her panties were down by her ankles in no time and I inched down her body so I was crouched between her legs. Katie had a mass of black pubes, but her pink gash was clearly visible as she spread herself open for me. I stuck all my fingers inside and then held her wide as I began licking her fluids. Katie was now fondling her tits and coming up with the sort of filthy encouragement that gets me going. When we first met, I thought butter wouldn't melt in her mouth, now I couldn't wait until she helped my cock melt inside her. I was more than happy to carry on going down on her juicy cunt, but Katie made it quite clear what her priorities were. She wanted my cock so badly she was screaming to be fucked.

> “I REACHED FORWARD AND **GROPED** HER GENTLY SWINGING TITS”

She lifted her own legs up high and guided my throbbing tool inside, and as it went in I buried my face in her breasts which she pressed together. We humped like this for a while, my thick cock slipping in and out of her with ease.

I withdrew and flipped Katie over, telling her to assume the doggy position. She opened her knees and arched her back as I rubbed between her legs and with a gentle push I was inside. Taking it slowly at first, I reached forward and groped her gently swinging tits.



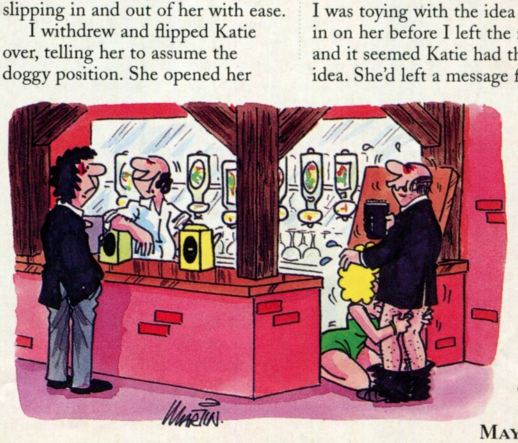
"Exactly how long have you been havi these hallucinations, Mr Baker?"

As I increased in thrusting speed Katie dropped onto her elbows and smothered her loud cries by burying her head in the pillows. I thrust harder and harder into her, sending her arse cheeks into a frenzy of wobbling excitement. Her fleshy buttocks rippled and the room was full of Katie's muffled screams as our bodies slapped together.

No sooner had I shot off than she was sitting astride me and inching up so her soaking crack was centimetres from my face. I pulled my head up and licked her swollen gash, the juices seemed to flow all night.

Once she'd helped me regain my stiffy with a lovely tit wank, I slipped into her one last time. Again we started with me on top, but this time it was me who was flipped over as she sat astride me for ages, bucking and pumping her hips as I squeezed her tits tightly.

We eventually called it a night and Katie left to catch a taxi home. I was toying with the idea of calling in on her before I left the next day, and it seemed Katie had the same idea. She'd left a message for me



"He's one of our very regulars!"

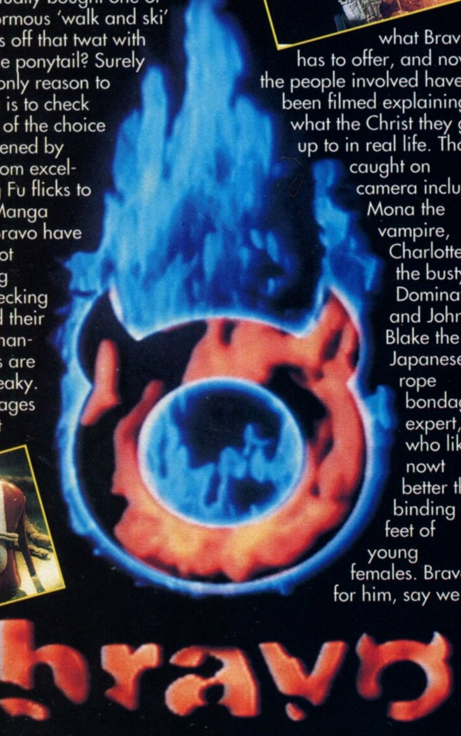
SCENE From MAYFAIR

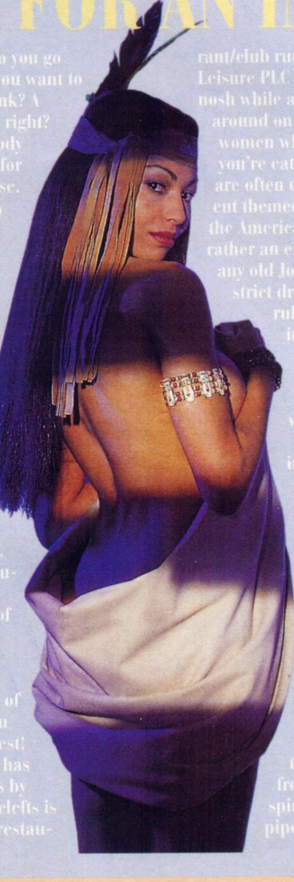
It's back, like a proud mum returning from the shops with bags full of treats. So read on, Mayfair children, and feast your bellies from our satchel of news...

ENCORE, BRAVO



Satellite and cable TV is responsible for so much shit it defies belief. Has anybody anywhere actually bought one of those enormous 'walk and ski' simulators off that twat with the blonde ponytail? Surely not! The only reason to switch on is to check out some of the choice films screened by Bravo. From excellent Kung Fu flicks to bizarre Manga hokum, Bravo have always got something worth checking out – and their twisted channel idents are just as freaky. These images represent what Bravo has to offer, and now the people involved have been filmed explaining what the Christ they get up to in real life. Those caught on camera include Mona the vampire, Charlotte the busty Dominatrix and John Blake the Japanese rope bondage expert, who likes nowt better than binding the feet of young females. Bravo for him, say we!

GO FOR AN INDIAN



Where do you go when you want to eat and drink? A burger bar, right? Surely nobody could wish for anything else. All the surly staff, the plastic surroundings, the way you can nip in and use the bogs even if you're not buying anything. But, apparently, other restaurants exist and some of them offer more than just chips and pieces of fried cow in a roll. Honest! One which has grabbed us by our fleshy clefts is Cheeks, a restaurant/club run by Cherokee Leisure PLC where you can gnaw nosh while a fit girl dances around on your table! The women who jiggle about when you're eating your pudding are often dressed up in different themed outfits, including the American Indian look. It's rather an exclusive club and not any old Joe can turn up; the strict dress code has already ruled us out of attending (no people looking like tramps) but if you can get in it should be worth the effort.

The grub on offer includes wild boar sausages with garlic mash, bruschetta with roast peppers, and peyote cream pie. Well, not the last one admittedly, but if they want to be true to American Indian culture they should set the club up in a desert, invite the customers to lick the backs of frogs and then talk to spirits while smoking pipes. We'd go then.

BOX OF THE BIZARRE

IT'S A FAKE!

Downtown Tallahassee USA was cordoned off by police after fears that a pipe bomb had been planted. The suspect device consisted of four tubes tied together using electrical wire with a small clock perched on the top. But on further inspection it was revealed that the fake bomb was part of a modern art exhibition that had been running for the past ten years. Let's hope all other modern art pieces are examined in this way, rigged with explosives, and destroyed.

ROAD TO HELL

Next time you're waiting for a bus, caught up in shite weather in a queue as long as your arm, count yourself lucky that this bus driver from Bulawayo, Zimbabwe won't be pulling up. Transporting 20 mental patients from Harare, he stopped off to knock back a few jars in an illegal roadside bar, but while he was larging it up, all his patients did a runner. Hoping his superiors wouldn't notice, the driver headed to the nearest town offering free rides to 20 people waiting at a bus stop. From there, he took them to the hospital, telling the staff that his 'patients' were terribly excitable. It took the medics three days to realise the mistake, and the original patients are still missing!

MEN OF STEAL

A couple of pissed Russians stole two atomic warheads from a nuclear plant called 'Factory X', east of the Urals. A spokesman for the Moscow Institute for Security and Politics said this was the first time two warheads had ever been stolen from the plant, and that it was believed the drunks had done it for a bet. Perhaps they were just trying to find something to top the strength of Tennants Super Extra?

NOBBLED BY NIPPLES

For several months, tourists were being drugged and robbed by a criminal gang of prostitutes that used a bizarre tactic to rip-off their victims. The knock-out drug used was either slipped to the unsuspecting punters via French kissing or, failing that, the pros would rub it on their nipples and get Joe Public to lick it off. After 20 minutes, the victims would fall unconscious for up to 24 hours, waking to find themselves without any personal possessions. The suckers.

INDECENT PROPOSAL

A woman from Ikoba village in the Masindi district was taken aback when a cat asked her to marry it. The black cat proposed marriage in a human voice, speaking fluent Lunyoro (a feat in itself), and when the woman refused the feline's offer it chased her. The following day the persistent kitty, thought to be some kind of demon, was caught and burnt at a local school. Wonder if it turned into a cat-ash-trophy? Sorry.

PUBLISH AND BE BANNED

Doctor Alex Comfort has written a book based on the *Kama Sutra* called *Koka Shastra*. Funnily enough, it's remarkably similar to the legendary Indian bonk book and that's why it gets a *Mayfair* 'thumbs up'. You see, as explicit pictures go, there's something about *Shastra* that gives it the edge over all those hardcore mags we have… erm, heard about. Perhaps it's just the colours that appeal, or maybe it's to do with the cocks and fannies looking a little bit odd at times. Whatever the magic ingredient is, we can't tear our eyes away from it.

Books like these are also a reminder of just how stupid our obscenity laws are, because although you can't buy a hardcore book showing photos of actual… dare we say it without being collared… penetration, you *can* buy a book full of detailed drawings of erections and shagging. Yet, ironically, here at *Mayfair* we're not allowed to print any of the drawings in the book that show any explicit penetrations. Go figure! So with our hands bound by the pricks that lay down the laws on this faltered isle, we can only assure you that it's a book worth checking out. What a farce it all is, eh? Before long we won't even be able to write the word penetra… [Censored –The Powers That Be]

SPUNK IN YOUR MOUTH

Right, no beating about the bush – who's tasted their own spunk? Come on, there's no need to be shy, we're all adults. Who's eaten their semen? Fucking own up, who's done it? Who's actually put their own jism in their mouths? You have, haven't you? You won't admit it, but we know that at some point, your own muck has gone down your throat. Well there's no reason not to swallow any more, because fresh from the metaphorical penis of Denmark come the sweets known as Spunk, those zany Danes obviously not knowing what the word means over here. It makes you wonder if, on some faraway isle, a group of pygmies are laughing hysterically at a Twix shouting 'Twix, Twix, it means big hairy fanny – ha, ha, ha!'

UNWANTED GUESTS

Oh, it's like that, is it? The organisers of the 'Formula Krug' party invited us to some bash in a tent but never actually sent any tickets. Well, let's take a look at what we missed at this pretentious celebration. Remi Krug (whoever the fuck he is) apparently spoilt his guests with over 300 magnums of Krug Grande Cuvee (whatever the fuck that is) in a party with a Formula One theme (i.e glamourous and racy on the outside, but with dull and tedious men at the controls). Yes, it sounds about as much fun as eating a pie full of wasps. Party on, prudes.

PRAISE THE TITANIC

There's nothing like a good book, especially when it's about fucking and death. Titan Books are true lords when it comes to covering these two subjects, and one of their latest releases is the truly excellent **Sex and Zen**, a rivetting look at the bewildering Hong Kong action movie industry. The aging **Hong Kong Action Cinema** provides an equally packed fist of facts, tracing the roots of the martial arts flick from its fledgling days to the whopping phenomena it is today. You can still pick up a copy for £14.99 but hey, before you do that, consider the other Titan titles available, the **Dirty Pair** graphic novels in particular. What's **Dirty Pair** about? In a violent nutshell – two nubile women who dish out serious death in-between getting tied up and showing their arses and that. Aye, it's true Manga meat to sink your teeth into.

IN THE DRINK

PR people will try anything to make you recommend their stuff, and getting you pissed is a favourite trick. Thing is, in the case of a recent beer launch, Ushers had little choice but to put pints our way – and damn fine they were too. Usher's latest range of tasty tipples are being pitched not only as favourites down your local, but as food companions at mealtimes. Their 'Four Seasons' range provides an ale for every type of… erm, season and their new fiery beer 'Lal Toofan' (Indian for 'Get Rat-Arsed') provides a particularly pleasant buzz. Finally, for those who fancy themselves as serious piss-heads, there's the formidable 'Gold Rush' which, unlike other strong brews, has the added benefit of actually tasting nice.

Yep, the days of gulping down black liquid akin to treacle in order to get blasted are long gone – and it's cheap too! Tramps the park over will be jumping (well, sort of staggering about and swearing) with joy.

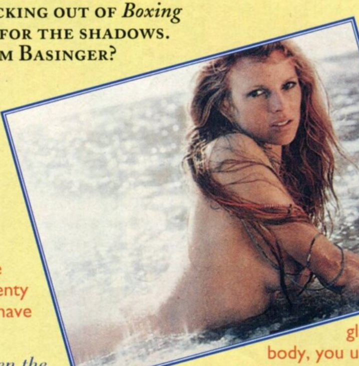
Questionable Character

Tell it like it is...

SHE WAS THE BLONDE SEX GODDESS OF THE 80S, CAVORTING IN SEXY WET LINGERIE IN *9 1/2 WEEKS* AND GIVING MICHAEL KEATON THE HORN IN THE ORIGINAL *BATMAN*. BUT A STRING OF BOX OFFICE FLOPS AND A NIGHTMARE LAWSUIT (A PERSONAL LOSS OF $3 MILLION FOR BACKING OUT OF *BOXING HELENA*) HAD THE STAR HEADING FOR THE SHADOWS. SO WHATEVER HAPPENED TO KIM BASINGER?



Not all your films have faired too well at the box office. You must have high hopes for your latest one, LA Confidential...

When I first read the script for *LA Confidential* I didn't want to do it. I'm really my own worse enemy when it comes to picking projects.

God knows I've made some horrible choices in my life, and I've passed up plenty of really good offers that other people have become huge stars from.

We heard you had an accident when the producers tampered with your hair?

Women in the 1940s used to dye their hair solid. Veronica Lake, Grace Kelly and all those girls had really beautiful hair, and they had to go through a lot getting it that way. I've never dyed my hair, and when I did it for this part it just rebelled. What you see in the movie is me wearing a wig!

Any comments on Pret A Porter?

That was the most terrifying thing I've ever done. It had no script, no nothing. Robert Altman got us together and said 'We're all going to go into these fashion shows in Paris, and you are going to be in character and not come out of character, even if you see someone you know.' I come from the fashion world, and I had people coming up to me and I had to be rude to them because the camera was on the whole time.

You didn't enjoy it, then?

I felt horrible. I was doing everything but slapping them on the face. Plus, it was on-the-spot acting. Altman would see someone and tell me to go interview her, and it would turn into these catty conversations as he would stand behind us roaring with laughter.

How do you feel being a sex symbol?

The competition's too tough. There are too many pretty young newcomers out there. But I'm happy about that, actually, because maybe now people will start taking me seriously as an actress.

What's your opinion on nudity in films?

At one time nudity was never seen in mainstream movies, but these days the more flesh you show, the further up the ladder you go, and there's so much pressure when you do those kind of glamour parts. Not that I'm ashamed of my body, you understand. I keep my weight between 122 and 125 pounds, and I can get extremely thin when I'm doing a movie. But I'm always asking Alec, 'Do I look fat in these pants?'

MIB Mates In Band Of The Month OTM

JONAS are seeking rock stardom with their new album 'Cyclosporin'. Paul, Andy and Drill want their grungey-pop band signed so they can be famous, and also because they want to shag groupies. With their cocks.

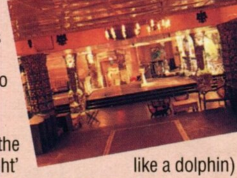
WOMEN'S OWN

Seeing as it was hosting 'Feminine Night', you would expect the Emporium Nightclub to include many girl power attractions. Things like top female DJs, decent female bands and appearances by famous women. Unfortunately, we had to put up with this bloke playing a hammond organ for two hours at the launch of 'Feminine Night' in a setting not dissimilar to a garden centre. Still, we can't knock the club because they did have this foxy girl dancing around in her pants at one stage. Admittedly, this did little for the female guests, who were hardly enamoured at the sight of a male 'dancer' stepping from side to side for the entire evening, but it was enough to make us consider it for *Scene From...* Anyway, the surroundings were pleasant (it included a hedge that looked like a dolphin) and on certain nights you can hob-nob with a few celebrities under the illusion that you're important. The Emporium is open seven days a week and lives down Kingley St, London W1.



The reason we like video games is simply because they're cool, often with buckets of blood slopping all over the screen and with cars crashing and exploding. Our current faves (as if you could seriously give a toss) include the mighty *Overblood,* which gets our thumbs up because the main hero jumps about like a lunatic, and the graphics are funky in the extreme. *Darklight Conflict* is just as groovy coz it's a space game featuring top graphics and 50 missions to tax your head, and it reminds us of the old Spectrum favourite *Elite. The Need For Speed II* is something of a letdown compared to the original racer but worth checking out all the same. Finally, *Syndicate Wars* which is a fucking excellent Cyberpunk shoot-'em-up adventuring extravaganza! All games are courtesy of EA. Who rule like digital kings.

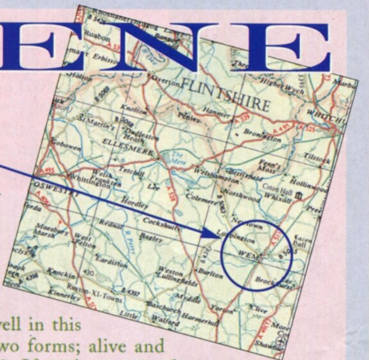
FROM... WEM!



Wem is a small country town lounging in the sleepy armpit of Shropshire but, unlike so many quaint country locations, with one subtle difference – it’s a shithole. The rubes who dwell in this cultural vacuum come in two forms; alive and dead, the ratio being 1:200. If you’re ever unfortunate enough to stumble across this fetid boil of existence and, perish the thought, end up trapped there, you can expect to find the exact opposite of what normal people look forward to in life. In fact, word has it that the people of Wem have only just realised the theory of fire. But when they’re not eating their own children and deciding if ‘air’ is to be trusted, what do the primitive yokels get up to?

THIS MONTH...

‘It be loike nuthin I hath ever seen before,’ remarked one stinking old woman upon seeing this month’s Wem object. A simple motorbike (that doesn’t actually work) to most, but to the people of Wem – the body of a mysterious iron horse. A huge feast of pies was quickly prepared on discovering the bike, and the Monk of Wem declared it ‘Iron Horse Day’, inviting all the people to put down their stones and dance in celebration. But the people grew scared, fearing the machine had been sent by a witch to encourage them to travel at speeds in excess of shuffling. So it was smashed to pieces and burned, along with all the other wicked influences, such as the pair of clocks, and the man skilled in subtraction.

FOR YOUR EARS ONLY

It’s one for the ladies, is this, although if any woman gets off listening to *Lady Calston’s Private Party* we’ll eat our pornographic hats. This audio CD invites you, the female listener, to lie back and fantasise about being mauled by these blokes called Dave and Ron. Erotic? Like ants it is. Dave whittles on about how much he wants you to suck his big balls before dishing out instructions like a stoned drill instructor. All the tracks feature an hilarious sex session and if Dave and Ron aren’t there ordering you to suck their throbbing shafts, you can guarantee Michelle will turn up for a bit of girl-on-girl action. If she didn’t whine like a pig being crucified it would be slightly stimulating but alas, squawking ‘Oh my gawd I’m coming again!’ while masturbating with a vibrator that sounds like a bee? Er, no. And when Michelle’s done who should turn up but... oh, it’s Dave. Again. ‘You want my cock, don’t you?’ he drawls.

‘No, Dave. Now kindly go away,’ should be your reply.

DASH BORED?

There’s nothing quite like driving a top-of-the-range sports car across beautiful, scenic landscapes on fine summer’s days, a gorgeous girl seated alongside you, her locks of hair flowing in the breeze as you overtake old men on tractors. Thing is, driving is rarely that good. Most of the time it involves sitting in traffic, breathing in fumes and watching a couple of tramps make a bed in front of a warm air vent. You sit there, bored shitless, wondering why God gave us feet instead of bicycle wheels to get about on, and then it hits you – if only there was a telly in the car! Or, better still, a combined telly and car stereo system that would even allow you to play computer games on! Some bright spark at Clarion Car Audio must have been thinking along similar lines because the VRX8370 is exactly that, and dashboards will never be the same again. Not only does the Visual Audio Centre boast stunning (and really rather loud) stereo sound, but at the touch of a button a five-inch colour TV screen slides out from a carefully concealed hiding place to bring you all the delights of terrestrial telly. And if you’ve got a console handy the miles will just fly by (wire it to the steering wheel for extra realism we reckon). Clarion hope to include a full navigational system into the monitor to help you find your way about Britain, so if you’ve got what it takes (£1,199) call the makers themselves on 01793 870400.

"No one has ever suggested to me that I might get a part in a movie if I slept with them."
Batman and Robin's Vendela Kirsebom. Hmm… how would you like to star in a Mayfair movie, Vendela? It's called 'Hairy Vanilla' and is gonna be a big hit. Thing is, there's something you'll have to do for us first…

Beautiful broken English-speaking star Aleksandra Vujcic. She means going for a kebab, surely.

"There's a good side and a bad side to everything."
You're right, Jennifer Aniston. Apart from Armageddon. And maybe shite American TV shows where every character is obscenely wealthy with no obvious means of support.

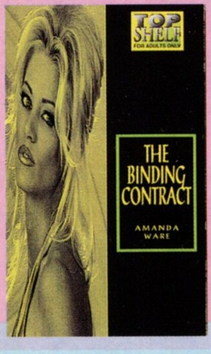
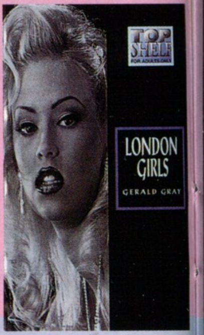
MORE BONK BOOKS



If erotic fiction was alive, it would be a giant of a man, so big that he would eat the food supply for the entire world while walking around shouting in a booming voice. The erotic fiction giant will continue to grow, and adding to the all-consuming beast will be these two books: *The Binding Contract* and *London Girls*. Both are published under the 'Top Shelf' banner.



FAIRWAY TO HEAVEN

Golf has never been known for its violence and mental trauma. It's usually defined by a couple of wanky executives playing a round together, talking statistics and market shares while gently dropping hints they'd like to fuck each other's wives. The gentlemen pictured [right] is obviously used to a more extreme state of play, and we caught him staggering around the local course complete with comedy T-shirt. Okay, so the joke appeared around the same time as God hatched Bernard Manning, but we reckoned it was a decent enough pic to reach *Scene From…* anyway.

Besides, we rarely feature golf stuff, and it was a choice between this or a load of children branded by Nike chanting 'I am Tiger Woods' in indoctrinated unison.

Incredibly Small Camera Of The Month

"It's a bit small, innit?"

The Minolta Vectis 3-100 is a wee slip of a camera and if it falls out of your pocket you'll never see it again. It still produces a fantastic snap, though, and goes one step closer to allowing our friends the ants to take pictures.

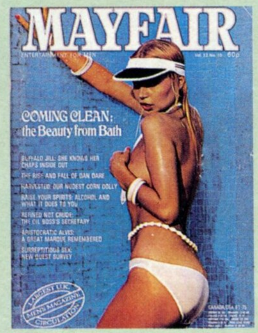
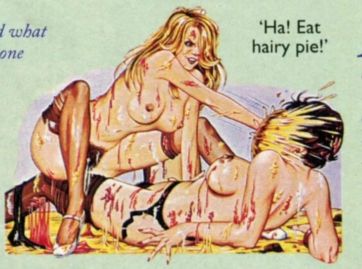
Mayfair Volume 12 Number 10



Ho ho! A pun on the cover!

Come on, Dobbin, I know a quiet spot in the woods…

Firstly, there was an article about drinking and what effect alcohol can have on a man who guzzles one too many. As for the beauties, it was the dark and bushy Carina who spread all in the spread, while the fearsomely-bearded Peta lounged around in the nuddy. But it was Carrie who once again stole the show. She walks into a door and… oh no! Her dress seems to have come off! Well who would have thought… oh no! She appears to have fallen over, pulling down another woman's frock! What are the chances of that, eh?



'Ha! Eat hairy pie!'

Mayfair's 'Pet Of The Month' spot, 1987

A lovely young female camper was on the cover, complete with knapsack, hiking boots and… well blow us tight – no bra! The mouth-watering curves of Valerie were on display when she took to the centrefold, and there then followed a series of photos of men sitting in planes. If it took your fancy you could order some 'Very Naughty Videos' in a 'Sex Crazy Clearance!' or get a grip on the latest Mayfair *calendar complete with fancy leather-bound diary. Now there's lovely.*

The Binding Contract (that's the one with the pouting woman on the front) concerns this character Louise, a sex slave for this rich bint Lady Cavendish. Alternatively, *London Girls* (that's the one with the pouting woman on the front) is set in 1875 and concerns this bloke called Samuel Brown who shags women. But keep it in mind that, by purchasing any fuck books, you are fuelling the erotic fiction giant. He will get bigger, more demanding, and ultimately we will have to kill him with spears.

This looks like a laugh. Did you actually enjoy yourselves or were you just pretending?

[Tina] What sort of question is that? It looks like we're pretending, does it?

[Angel] Charming. You'll have to come along to the next shoot and we'll prove we're for real!

Oops! We didn't mean to offend you ladies. It just looks too good to be true, that's all.

[Tina] Hey, I can fake an orgasm with any man but when I'm with Angel – it's the real thing.

[Angel] You're only saying that because I'm here!

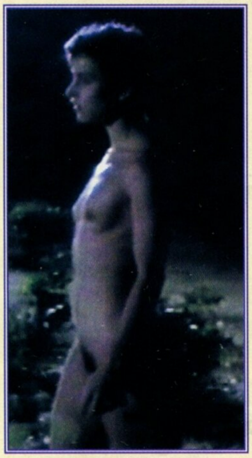
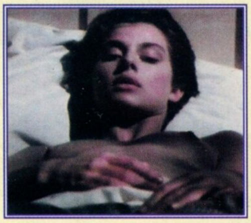
CELEBRITY SIZZLERS!

THEY MAY BE FAMOUS NOW, BUT BEFORE THEIR NAMES APPEARED IN LIGHTS THEIR TITS OFTEN APPEARED IN OBSCURE STRAIGHT-TO-VIDEO RELEASES. BUT IF YOU COULDN'T AFFORD A BETAMAX BACK THEN, HERE'S WHAT YOU MISSED...

NASTASSIA KINKY

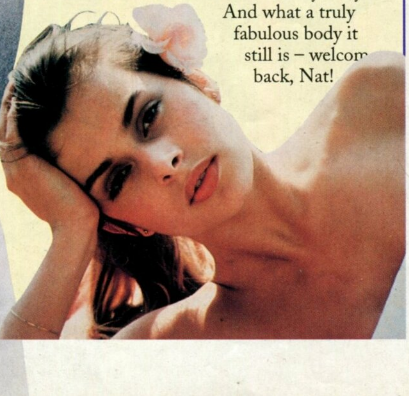




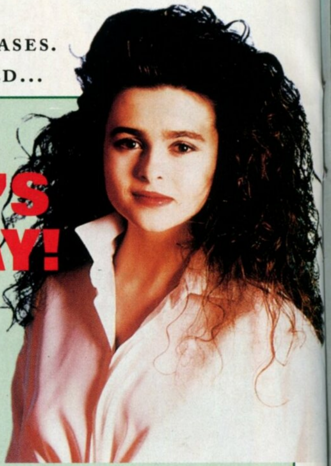
Having just nabbed the leading role in *One Night Stand*, the next project from hot director Mike (*Leaving Las Vegas*) Figgis, **Nastassia Kinski** has sure outgrown her naughty nymphet status and is poised for a big comeback. In the 70s she was the protégé of famed director Roman Polanski, while in the 80s she was Hollywood's kinkiest import.

The gossips nicknamed her 'Nasty' for her prickly persona, and in interviews Nastassia often seemed like a real-life cat-woman, snarling, purring and apparently very much in heat. Primped up like an arrogant fashion model or unkempt with a 'just-fucked' look, naughty Nastassia was one of the truly interesting and erotic personalities of her day.

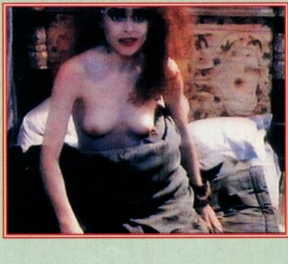
Now she's out on her own again and determined to find even bigger movie fame than before. "I am a very independent girl," she says. "No one tells me what to do... no one forces me to do anything. I do nude scenes in movies because I like to show off my body." And what a truly fabulous body it still is – welcom back, Nat!



GETTING HOWARD'S END AWAY!



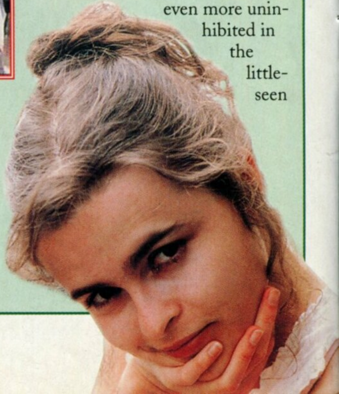
Whichever way you look at it, **Helena Bonham Carter** is not your typical-looking, round-cheeked English rose. But like her many fans we find her sultry gazes and impudent, peppery personality to be decidedly sexy, and best of all Helena has not been shy about doffing her clothes (if the scene calls for it).



The product of a very wealthy and powerful English family – grandad was a prime minister, don'cha know! – Helena has long been one of the regular stock company players in the Merchant/Ivory team in stuffy Edwardian romances like *Room With A View* and *Howard's End*. Sexual feelings tend to be buttoned up in films like this, and the only flesh the female characters reveal are their pursed lips and upturned noses.

But Helena has done her share of another sort of costume piece with characters who would make the Merchant-Ivory sort soil their starched undies in shame. In *Lady Jane*, for instance, a tale of medieval passion and sensuality, Helena conveys an intense eroticism in frequent love scenes with her beloved, played by Cary Elwes.

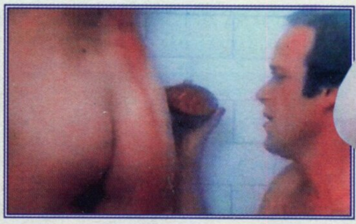
While *Lady Jane* featured several rather swift glimpses of the alluring young lady's high class charms, she was even more uninhibited in the little-seen contemporary comedy, *Getting It Right*. Playing a ditzy aristocrat, Helena performs one long scene with her bared breasts prominently displayed. But these scenes apparently pale next to her upcoming project, rumoured to contain her most provocative scenes to date. We can't wait!



BIG DOWN UNDER!

Ever since her marriage to Aussie movie actor Bryan Brown, we haven't seen as much of raunchy **Rachel Ward** as we would have liked to. This voluptuous, big-titted English bird has one of the best sets of threepenny bits in movie history, and it seems a crying shame to keep them away from the public gaze!

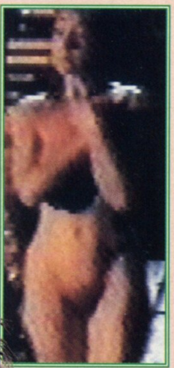
When Rachel does show up it is no longer in big Hollywood releases like *Against All Odds* or *Sharky's Machine*. She was even overlooked for the sequel to the TV movie that was her most successful project, *The Thorn Birds*. On the bright side, however, Rachel's more obscure work in direct-to-video and cable movie trash is not without its compensations. She originally made her film debut in an obscure piece of video dreck called *Night School*, which appeared at the top of the 'video nasties' list when released here as *Terror Eyes*. Although being an unmitigated piece of shit, the film *did* feature a cool 'n' kinky body-painting scene in a shower that revealed Rachel's breathtaking boobs – and for that, at least, we suppose we should be grateful!

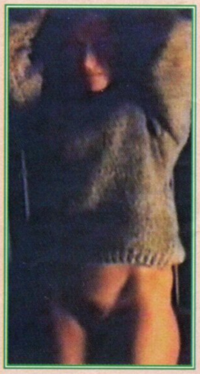


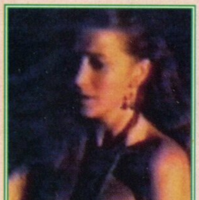
PRIME CRUMPET

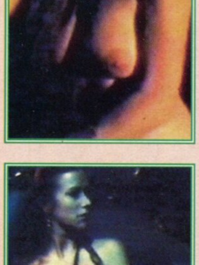
While Hollywood finds it hard to imagine a sex symbol older than 29, *Mayfair* readers show no such age discrimination. According to the requests we receive, a large number of you are ever eager to see the giant jugs of **Helen Mirren**. She has never been coy about nudity and says she is proud of the size and perfection of her breasts. In fact those tasty titties have been the object of much admiration since her nude debut back in 1968 in Michael Powell's bawdy Australian comedy *Age Of Consent*.

Recently voted "Britain's sexiest older woman" by the readers of a popular tabloid newspaper, we couldn't agree more…









PHAZERS TO STUNNA!

When a national newspaper recently polled a gathering of self-confessed 'Trekkies' their vote for the sexiest woman in outer space was virtually sacrilegious. Not Michelle Nichols' Uhuru, not Marina Sirtis' Deanna, and certainly not *Star Trek: Voyager's* buttoned-up Kate Mulgrew. The female these fans would most like to blast off with was a space babe from a series outside the Trek universe – *Babylon 5*'s utterly foxy and large-busted Lieutenant Commander Susan Ivanova, played by veteran starlet **Claudia Christian**.

With her statuesque figure, long mane of auburn hair, self-confident expression and form-fitting uniform, Claudia strides through the corridors of her space station like some arousing 23rd century dominatrix. So beam us up… totty!

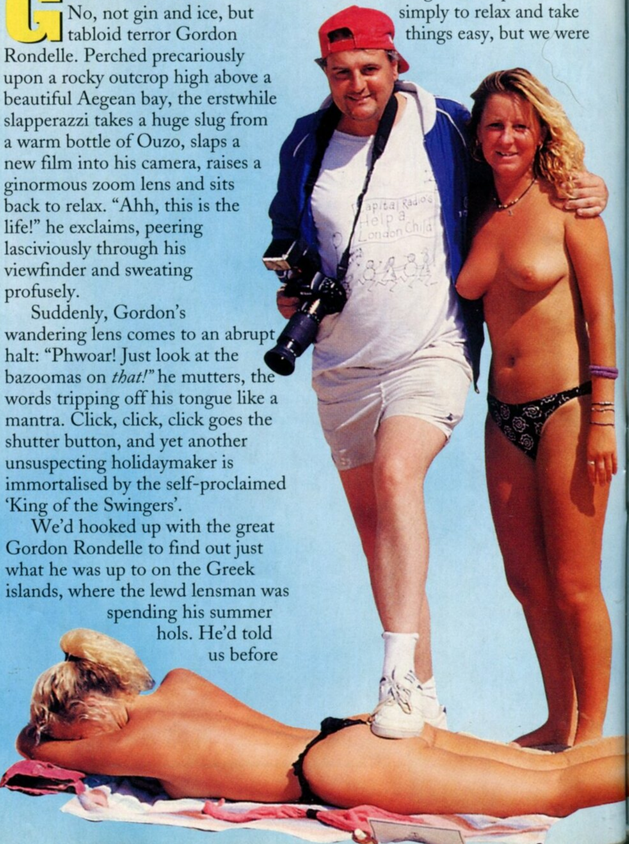
QUESTION: WHAT DO TABLOID PHOTOGRAPHERS DO ON THEIR SUMMER HOLIDAYS? ANSWER: THEY TAKE PICTURES OF BIRDS WITH THEIR TITS OUT, OF COURSE!

Gordon's on the rocks. No, not gin and ice, but tabloid terror Gordon Rondelle. Perched precariously upon a rocky outcrop high above a beautiful Aegean bay, the erstwhile slapperazzi takes a huge slug from a warm bottle of Ouzo, slaps a new film into his camera, raises a ginormous zoom lens and sits back to relax. "Ahh, this is the life!" he exclaims, peering lasciviously through his viewfinder and sweating profusely.

Suddenly, Gordon's wandering lens comes to an abrupt halt: "Phwoar! Just look at the bazoomas on *that!*" he mutters, the words tripping off his tongue like a mantra. Click, click, click goes the shutter button, and yet another unsuspecting holidaymaker is immortalised by the self-proclaimed 'King of the Swingers'.

We'd hooked up with the great Gordon Rondelle to find out just what he was up to on the Greek islands, where the lewd lensman was spending his summer hols. He'd told us before leaving that his plans were simply to relax and take things easy, but we were



E HERD

welcome to join him for a few days (at his expense) if we so wished. We were beginning to wish we hadn't…

LIFE'S A BEACH

What he didn't tell us before easing his bulky frame into the 'cattle class' seat on his Piss-Poor Airways chartered flight to Crete, was that this was going to be a busman's holiday – and that he'd be trying to flog us a friggin' feature on it when he got back to Blighty!

Oh well. We'd managed to wangle a few days out of the office, and were determined to make the most of it. "Come on Gordon," we begged, "let's get down there. We want to be sipping chilled lager on the beach, chatting up Danish birds and playing Frisbee – not stuck right up here away from the action."

Our protestations were falling on deaf ears, however. "Nah, it's no good down there," exclaimeth the saucy snapper. "I spent two days schlepping up and down that sodding beach when I first got here, and didn't get anything but hassle. Big fuck-off boyfriends, demented dads and huge husbands getting into a huff – just coz I was trying to take a few holiday snaps! Mind you, I did manage to get a photo of that barman bloke from *T.F.I. Friday* on the telly." Indeed he did – and even *he* was snapped with his tits out!

So with the harsh sun beating down upon his knotted hankie, we leave Gordon to his solitary pursuit and head off down the treacherous cliff-face towards the sea. What a funny way to spend your vacation, we mused, as miniature avalanches of shale and pebbles scattered down the slope ahead of us. He spends all year round hiding in bushes and behind bus shelters taking photos of people on the sly – and then comes away on holiday to do exactly the same thing!

Still, we figured, if he keeps at it long enough (and doesn't do himself a mischief on the way back down after all that Ouzo), we might just squeeze a half decent feature out of it…

insisting I saw her before going back. I met her back in the toy shop and she immediately shut and locked the front door, dropping to her knees and giving me the best blow-job of my life, swallowing the whole lot. She said it was to encourage me to call back on my rounds soon. I didn't need much persuasion, besides, my boss wants me to try and get more Welsh clients. Katie's town seems to be the ideal place to set up a home from home!

PLAYING ZAC, MAN!

My fiancee Lori and I are pretty sexually confident and we like to experiment in all the usual areas; toys, dressing up, tying down, using chocolate and sexy foods and so on, but one thing we hadn't tried until recently was a really fucking hot three-in-a-bed romp.

The subject of our first experiment was Zac, a man of rock superstardom proportions who visits us fairly regularly. During an evening meal when he was staying over, we dropped some fairly obvious hints and Lori was flirting like fuck. She was wearing a very short dress which rode up around her thighs revealing her sexy lacy stockings, and twice I grabbed Zac's fork and dropped it on the floor at which point Lori would tell him to pick it up. She spread her legs while he was under the table and he obviously had a good look at her white lace thong which was wet with her juices. Zac played along with this like a trooper and I could tell by the way he was shifting about in his seat that he was suffering some trouser discomfort. When Lori and I took the plates into the kitchen we had a little chat.

'You still game?' I asked her, winking suggestively.

'More than ever. This is so horny!' she replied, running her hands up her legs.

We walked back into the dining room and Zac was smiling; we soon adjourned to the bedroom. This being the first time, we started with a massage; Lori got us to strip off our tops and lie face down on the bed and then she got out some massage oil and ran her slender fingers down our backs. The sexual tension was unbearable and neither of us could be still. I spoke up first.

'I can't lie like this. I need to get my jeans off.'

So Zac and I took off our trousers and Lori took off her dress. The massage began afresh, but after about thirty seconds, Lori's hands were replaced by her rock solid nipples! She'd stripped to her thong and was rubbing her oiled tits all over our backs, sliding around like a lap dancer, and making Zac and I moan and strain against our boxers.

> "SHE WAS SOAKING WHEN I POSITIONED HER ON ALL FOURS"

'Fuck, this is decadent,' said Lori, groaning with pleasure. 'I like the hair on your back, Zac – it's gorgeous on my nips. Now turn over, it's time to do your fronts.'

Zac and I turned over, trembling with excitement – what an insanely sexual sight she

So many of our readers worship you, Monika. What do you think of all the fan mail?

It's nice to know I have fans and I like reading all the letters people send. It's weird to think of all these people writing who I've never even met. I would write back but I rarely have the time these days.

It's that tattoo of yours that excites people. Are you planning on getting any more?

Not after the problems it caused last time! My mum was really angry with me, she really didn't like it. Still, everyone else seems to – especially men! Why, do you think I should get some more?

How about 'Mum' on your shoulder?

To apologise you mean? [Laughs] No, she wouldn't be impressed I don't think.

Well, if you have any more done let us know.

I might get one on my belly, I'm not sure. You've got me thinking now!

The Arno XI Hydroplane sports twin-spark heads, twin superchargers and a methanol-injection fuel system from an old F1 engine. Basically, this means that if you take this beast for a razz down the local ponds you're likely to cause havoc, reaching speeds of 177mph with the engine roaring at over 7,000rpm. Original test runs pushed the boat to its limits and, despite its super lightweight body the owner at the time, Achille Castoldi, fucked it good and proper by blowing the cooling system. QUEST

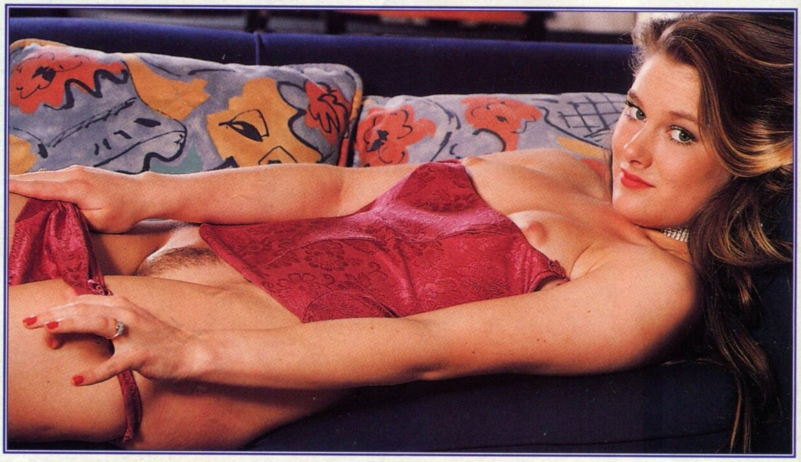
STRANGERS IN THE NIGHT SEEM TO BE EXCHANGING MORE THAN GLANCES THESE DAYS, IF ALL THE RUDE RESPONSES TO OUR LATEST QUESTIONNAIRE ARE ANYTHING TO GO BY! MAYFAIR'S FEMALE READERS RECALL SINGLE, BUT VERY MEMORABLE, ONE-NIGHT STANDS...

Name:	*Vanessa*
Age:	*27*
Marital Status:	*Married*
Home Town:	*Huddersfield*



Have you ever had sex with a stranger?

Yes, just the once – a one-night stand. The situation sort of sneaked up on me. Up until then the only bloke I'd ever slept with was my husband. I'd never looked at another bloke, so I suppose I thought I was beyond temptation. Which, of course, is exactly when it strikes!

What led to the encounter?

I was down south for a hen night. The bride-to-be was really pissed, and as I was staying at her place it was down to me to get us home safely. Luckily, a kind cab driver called Phil said he'd take us free of charge. He even helped me get her indoors and up the stairs to her bedroom. When Phil went to leave, I asked him if he really had to go yet. He said he could stay all night if I wanted him to and gave me a sexy look. I fancied him because he reminded me of my husband, Keith. I suppose I felt less like I'd be cheating.

> 66 HE LAPPED AT MY CLIT AND SLURPED MY PUSSY JUICE 99

Describe what happened.

We started snogging and soon we were in a clinch on the settee. Phil kissed my neck then kissed down my body, undoing buttons on my dress as he went, until I was wearing just my bra, panties and hold-up stockings. He moved back up, popping my tits out of my bra and sucking on my nipples, lingering over them. All the while he stroked my thighs, rubbing his thumbs in circles in the hollows just below my pussy hole.

I squirmed around, desperate to be touched there, but he just kept me waiting. Then he kissed down my body, and licked up and down my slit. If I'm completely honest, Keith's never been into giving head as much as getting it, and here was a man who obviously loved eating pussy. He lapped at my clit and slurped my pussy juice down like it was the most delicious thing he'd ever tasted, and as he heard me breathe heavier he slipped a couple of fingers into my hole and started pumping them in and out.

> 66 I COULD FEEL HIS BALLS BUMPING AGAINST MY CUNT LIPS 99

Phil freed his cock from his jeans with his other hand, then rubbed my pussy cream all over his shaft, wanking it hard. I had a few condoms left over from this costume we'd made for the bride-to-be, so I handed one to him, then lay back and spread my legs open.

I was so wet from the tonguing he'd given my pussy, his cock – which was rock hard – slipped right into me in a split second. It was his turn to come now, and he slammed his cock hard in and out of me, and sucked on my nipples every time he thrust in. I wrapped my legs tightly around his waist, holding his cock deep inside me. Phil grinded his crotch against mine, the hair on his balls brushing the bottom of my cunt, and with one huge final thrust, he came off. As promised, Phil stayed all night, and we kept on fucking until we'd used up every one of the condoms.

What effect has this had on your sex life?

Not much. Phil left before my friend woke up very hungover, and for obvious reasons I haven't told Keith, though he's noticed I've got more assertive in bed. I feared he might find out about my brief encounter but fortunately I've managed to keep a lid on it, and as yet he hasn't caught a cab with a loudmouth driver called Phil!

The thing is, I know how good having my pussy eaten out properly can feel, so I make sure that one way or another Keith goes down on me. He realises that if he wants to get his dick sucked, he'd better lick me, and lick me good.

Luckily, he's figured my strong demands for cunnilingus are due to me reading plenty of sex articles in women's magazines! And you did promise to use a false name on this, didn't you?

Have you ever had sex with a stranger?

Yes, loads of strangers! I'm not ready to settle down yet. In fact, I don't know if I'll ever be ready, but I can't go without a fuck for very long. The bottom line is I like sex, lots of it and with no strings attached. I'm also very adventurous and, strange though it may sound, I find it's often a lot easier to ask for – and get – what I want from complete strangers.

Give us an example

Group sex, especially involving me and two or more men. I just can't imagine any bloke I've dated seriously reacting well to me asking to shag their best mate – one of the many reasons why I'm now single! One ex even got the hump when I asked him to use a vibrator on me! If I get talking to a stranger who I fancy, and realise his mate is just as fuckable, what have I got to lose if I ask for a threesome? If they turn me down then that's their loss.

It seems to work the other way, too – men are often more up for experimentation when there's no emotional involvement. We'll be going our separate ways the next morning, so what does it matter if it's a disaster!

Anal sex is another obvious example. You'd be surprised by the number of blokes who've given me one up the arse then told me they've never done it with their steady girlfriend.

Tell us more about that

First, in answer to the question you didn't ask, yes I do fuck other girls' boyfriends and husbands. I don't do it to be a bitch, but to be even more sure that there'll be no strings attached.

> “I COULD SEE THE **JUICES** WELLING IN HER **PUSSY**”

Anyway, what happened with a bloke called Lee is the perfect instance of it all working out. Lee wasn't from London, just here for a week on business, and when he realised where all the chat was leading, he told me he had a fiancée back at home. “I'm not going to tell her am I?” I said, and we ended up at my place. When we'd been dancing, his hands had strayed down onto my arse almost immediately, and when we were naked and rolling around in bed, he kept on groping it – a good sign, I thought. When I'd got his cock as hard as I could, I rummaged in my bedside drawer. He looked relieved when I took some condoms out of it, but when I passed him a tube of lubricating jelly with them, and got up on all fours, he gave me that ‘surely nice girls don't do this sort of thing?’ look. I could tell he was mulling it over, but the anticipation was half the fun. He knew what I wanted, but would he wimp out and fuck my cunt instead? I shivered all over when I felt him squirt a blob of jelly straight from the tube onto my arsehole, then use his fingers, nervously at first, to work it all around and just inside my opening.

> “HE **SPREAD MY BUM CHEEKS** AND TICKLED MY **ARSEHOLE** WITH HIS FINGER”

I've taken plenty of cocks up my arse, so Lee had no problems getting his prick inside me. His wasn't the longest I've seen but it was fairly fat, which is what counts – I love the feel of a hard shaft stretching my arsehole right open. I stuck my bum right up and out, and he started to fuck in and out of me hard and fast. He kept his prick buried deep inside my arsehole, grinding his crotch against it so his pubes tickled my ring, and reached under me to finger my clit. This had me coming violently in less than a minute, and I came once more before I felt his shaft twitch inside me as he came in the condom.

He'd seemed to know what I liked without me having to tell him, and told me later it was just what he did to his girlfriend when he fucked her cunt from behind. I got an added thrill from the fact Lee wanted to fuck me up the arse again – it's good to know someone's been turned on by something you've got them into, and I like to think he's got his fiancée doing anal tricks too.

Have you ever had sex with a stranger?

A few of both sexes before I met my boyfriend, Richard, though since I've been seeing him I've only had flings with women.

Tell us more

I've lived with Richard for just over two years. He's everything I want in a bloke, and I'm not going to jeopardise our relationship by screwing around on him. The only thing is I'm bisexual, and all the cock in the world isn't enough when you're in the mood to suck on a nice juicy pussy! I'm not looking for a serious girlfriend, just girl sex, and one-night stands with strangers seem to be the only way to get it on these terms. Recently I joined a lesbian couple in a threesome.

Describe what happened

I started chatting to one girl, Jan, at a gay club and she introduced me to Karen, her girlfriend. They'd been talking about having a threesome for some time, but didn't want to risk having anyone upset their relationship. I was just the person they were looking for – I'm always totally honest from the off about not wanting to get serious – and we didn't waste any time in getting back to their place. Karen seemed to be the dominant partner, and I found myself doing exactly what she told me.

We all undressed and got on the bed. As I lay down, Jan knelt at my head. Karen, meanwhile, was strapping on a big black rubber dildo.

It looked like a cock but the size of the balls and helmet were exaggerated, like it was a caricature. Karen knelt between my legs, playing the head of the dildo gently all over my mound and my pussy lips. Meanwhile, Jan had shuffled down so she was kneeling over my face. I stuck out my tongue and skimmed it down her slit, only for her to raise herself up out of my reach. Now Karen passed her a black plastic vibrator and stroked it over her clit.

It was such a turn-on watching her frig off, I could see the juices welling in her pussy, and when they started to drip down onto my face I positioned my mouth to catch each drop. I got so absorbed in this, that I forgot all about Karen – until I felt the head of the dildo bumping against my pussy. She parted my legs really wide by pressing down on my knees, which stretched me really tight and made me ultra-sensitive to the slightest touch.

"Relax," she said, and though I tried, it took her quite a bit of time to get the dildo all the way inside me as it was so big. Of course, I was concentrating on her fucking me with it, which meant that Jan surprised me by lowering her cunt down onto my face.

"Get sucking," said Karen, though swallowing was more the word – Jan had the vibrator on full and pressed to her clit, and her juices were gushing out of her hole. I started to move my tongue in and out of it, using a fucking motion, and soon I felt Jan's hairy pussy orgasming around it. She passed the vibrator to Karen who used it hard on my clit, until I came to a screaming orgasm, bucking my crotch against the dildo. Even after I'd come, Karen forced the tip of the dildo in me while she frigged herself. Then Jan and I lay down on the bed to recover, feeling each other up as we watched Karen bring herself off with the toys. We went on like that for most of the night, and the next morning I just went back home to Richard.

> “HER **JUICES** WERE **GUSHING** OUT OF HER **HOLE**”

What effect, if any, has your experience of sex with strangers had on your sex life?

It's been an essential part of it! I get to have my cake and eat it – a great relationship with Richard, plus no-strings pussy when I want it. Richard knows what I do, but he doesn't ask questions – I think he sees it as a 'girl thing'. I can't say what'll happen in the future, but I'm very happy at the moment.

Have you ever had sex with a stranger?

Yes, quite a few times, one of which was particularly memorable, not least because it got me into reading *Mayfair*!

What led up to it?

I was at an airport and my flight, which should have left at around midnight, had been delayed until early the next morning. I didn't want to sleep as I was travelling alone, with no one to wake me when my flight was called. I found a quiet corner and settled down with a paperback. I finished it by about 2am, by which time the only other person awake in that area was a bloke who was in about his mid-twenties.

I put the book down and this guy shuffled over and asked if he could borrow it. I said no problem and asked if he had anything I could read in return. He said the only thing he had to offer was a copy of *Mayfair*. "Okay," I said, mostly out of curiosity as he handed me the mag. I read it from cover to cover and when I'd finished I glanced up, only to see the bloke, Paul, looking at me and grinning all over his face. He asked me what I thought of it, just falling short of looking lecherous, and I suppose my face said it all.

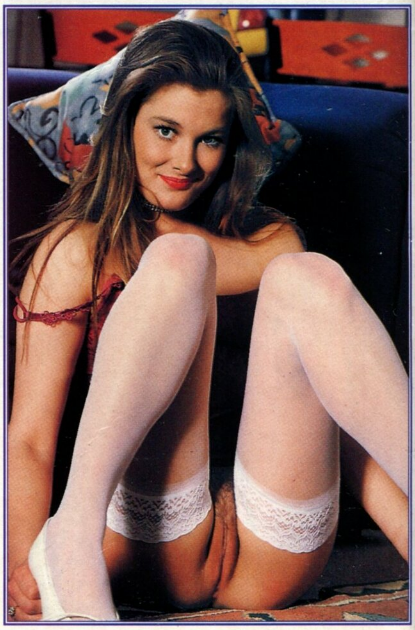
What happened next, how far did you go?

As I handed the mag back to him, Paul caught my wrist, pulled me onto his lap and started kissing me. Before long I was straddling his crotch as he switched between French kissing me and nuzzling my tits. He started mouthing one of my nipples, then sucked it through my top, leaving a wet mark on the fabric. When he muttered, "Mind if I suck on this properly?" it seemed like the most normal thing he could have asked. He hitched my top far enough up to pull my tit out, and sucked my nipple into his mouth, rasping his tongue over the tip of it. Then his hand crept up under my skirt and inside my panties, and he fingered my clit.

He knew what he was doing, and when he started to finger-fuck my hole, rocking the heel of his hand against my clit, I had to bury my face in his shoulder to stop myself moaning out loud. After I orgasmed I stayed straddling his lap and he cuddled me as I came down. I dropped a hand down to fondle his crotch – his jeans were soaked with my pussy juices – and he reached down with his own to undo his flies. I started playing with his cock – no way was he going to be able to zip it back up while it was this hard – then felt him begin playing with my pussy again. "Okay?" Paul said, and I decided to risk it. My skirt was long and flared, so I spread it out to cover us up. My pussy was still swollen and sensitised from the orgasm I'd just had, and I had to muffle my moans from the second Paul slid his stiff prick inside me.

> “I FELT SOMETHING **WARM** AND **WET** SPLATTER OVER MY TITS”

I bounced up and down on it, milking it with my muscles and gasping as he spread my bum cheeks and tickled my arsehole with his finger. I would have fucked us both to orgasm if I hadn't spotted a cleaner at the far end of the room and chickened out. I didn't leave Paul in the lurch, though. I lay down on the bench seat and started to suck his cock, tasting my own pussy juices on



“HE ROCKED THE HEEL OF HIS HAND AGAINST MY CLIT”

it. He arranged my long hair so that anyone passing by us would think I was just sleeping with my head in his lap, and not deep-throating his length. Naturally, when he came I did my bit for discretion by swallowing every drop of the evidence! We got ourselves decent, had a cup of coffee together and one last kiss, then went our separate ways when Paul's flight was called. And that was that!

Have you ever had sex with a stranger?

Yes, more times than I can remember, both before I got married to my husband Rod and after. One instance in particular really stands out in my memory, though, because it took screwing strangers to the extreme.

What led to the encounter?

Rod and I are into the kinkier side of sex and when I agreed to let him watch me fuck other blokes he was thrilled. I'd go to a club, pull some cocky young guy and bring them back home. They were usually hell-bent on showing Rod, who I think they thought was a dirty old man, how good a seeing to they could give me, and it was nearly always doggie style.

Then Rod asked me if I was up for helping him live out a fantasy – which involved me being fucked in a bondage situation.

Sounds intriguing! Describe what happened!

Rod went alone to a fetish club, giving me instructions to expect him back at any time and to make sure I was naked and looking as fuckable as possible when he returned. When he got in a couple of hours later he came upstairs and bound me to the bed, spread-eagled and on my back, then blindfolded me – adding that I was to tell him if I wanted him to call a halt at any point, for any reason at all. He assured me that he'd make sure I had the safest, sexiest experience possible. Then I heard footsteps come upstairs and into the room.

Not a single word was said before I felt two mouths fix onto my nipples and start sucking, and three fingers being slid into my cunt. As foreplay goes this was a little rough and ready, and over as soon as someone decided I should take a cock. I heard a fly being unzipped then felt two leather-clad knees press against my inner thighs before a big meaty prick was thrust into my cunt. Whoever it was shagged me hard and fast, then when he'd come he pulled out and someone else took his place straight away.

After the fourth bloke in quick succession fucked me I started to get a bit disorientated – through exhaustion and excitement, I think – but Rod calmed things down, stroking my hair and letting me have a breather. Of course this just got me even more confused – I was fucked three times more, while sucking on somebody's cock, but I had no way of knowing whether it was by two new men or someone coming for seconds.

Did Rod just watch or did he join in at some point? Maybe I should be ashamed that I couldn't recognise my husband's cock, but with all the distractions at any one time – a prick in my mouth, the teeth nibbling gently at my nipples, the smell of rubber and leather and different aftershaves – I just got confused.

All I knew for sure was that my cunt was gushing wet, and a bit tender and swollen from the pounding it was getting. This made it ultra-tight, ultra-sensitive whenever a new cock penetrated it, so the slightest touch to my clit soon had me coming. At one point somebody fingered my arsehole while wearing rubber gloves and I nearly went through the roof with excitement – this was really taking impersonal sex to the limit!

“A BIG MEATY PRICK WAS THRUST INTO MY CUNT”

There was another break, then I heard movement. I readied myself for the next fuck, but it never happened. Instead I heard the unmistakable sound of a group of blokes – I still don't know how many – wanking off. This went on for a while then I felt something warm and wet splatter over my tits, and run in thick trails down onto my belly – one of them had just shot his load over me! Then another one came all over my mound, and eventually my whole body was coated in spunk.

Shortly after this I heard them all leave the room, then Rod undid my blindfold and bonds. He said they were having a drink downstairs before they left, and that I could go and meet them if I wanted to.

I decided, though, that it would be defeating the object which, from the look on Rod's face, was the answer he wanted. I should add that I asked him later if I'd already met any of the blokes, and he said no. In a way, that made the whole thing even more erotic! Ⓜ

MAYFAIR male

continued from p59 made with her beautiful 36C tits gleaming in the candlelight, all oiled, and her nipples sticking right out. She had the biggest smile on her face and the thong had changed colour completely – now it was much darker – her cunt had soaked it totally. In fact, it was transparent in the centre, revealing a glimpse of her heaving pussy, and Lori was breathing pretty fast.

Zac was first. Lori dripped more oil between her jugs, smoothing it over her nipples, pinching each in turn and letting out little gasps as she did so. Then she started sliding up his body from crotch to face, weaving her heavenly tits over his chest, leaving him slick from the baby oil. At the end of each pass, she would tease him with a nipple dangling over his mouth, daring him to lick, but then pulling away at the last moment. Then she sat bolt upright and Zac ran his hands up and down her thighs, almost touching the thin material we were both watching so intently. Letting her hands stray inside his shorts, Lori caressed the top of his nob with her fingernails and gave him a little wank before Zac ordered her onto all fours. While she was sliding up and down my shivering body, he was pouring baby oil on her bum and using her arse crack to wank his member between. When she moved backwards, his dick would disappear between her cheeks and graze down her arsehole and pussy, rubbing her through the soaked thong. She moaned uncontrollably and let me have her nipples in my mouth.

> “HE BROUGHT HIS HANDS AROUND AND STUFFED THEM INTO HER CUNT”

'For god's sake, deal with the thong!' she pleaded, pulling my huge erection from the confines of my underwear.

Zac was not going to argue. He pulled the thong aside, leaving it across one firm rounded piece of buttock, and got down to some serious finger fucking. Lori went breathless with pleasure and then she went down o [illegible] the length of my s [illegible] tip of her tongue ar [illegible] ad and sucked hard, soft, [illegible] then hard. Zac's fingers were wet from her pouting slit, so he stroked his length a couple of times to get it wet, then pushed his tool into her. She arched her back and moaned onto my cock (a very pleasant sensation for those who'd like to try it) and then cried out for a deep fucking. Zac quickened the pace, pulling on her hips, then he brought his hands around and stuffed them into her cunt. Meanwhile, yours truly was getting an eyeful of the best tits, jiggling with every thrust, and a gorgeous face with my cock in the mouth.

Lori fancied my cock up her heaving snatch, so she pulled herself up and straddled me, getting Zac to kneel above us on the bed so she could suck his cock. She was tight, warm, wet and very responsive. We fucked like an engine; all pistons and lubricant, until Lori came, very noisily, arching and spasming with Zac still in her mouth. I shot my load soon afterwards, spilling down her arse and thighs. But Zac wasn't finished.

He laid down behind her, and used the juices on her thighs to fuck his cock between them. I gave Lori huge, tonguey kisses while Zac held onto her hips and writhed on the bed, with his bell-end poking out between her thighs at every thrust.

Lori reached down and licked the head when it appeared, pushing it into her clit, and started to moan again.

'Fuck, I'm going to come,' she drawled.

They started to move more rapidly now, and I could see Lori was even wetter than before, with her cream running down the top of her legs and mingling with her pubes.

'Fuck, fuck, fuck,' she cried, coming a second time as Zac emptied onto her legs, rubbing his fat wad into the sticky, oozing wetness. We had an incredible night, using all the toys and Lori even dressed up as a lap dancer. Except she managed to do a pole dance, if you get what I mean.
